**MY WILL NOTICE AND NOTICE AND DEMAND FOR FURTHER AND

Jacinda Ardern (“You”, “Your”)
The Right Honourable Jacinda Ardern
Level 8 Executive Wing Parliament Buildings
WELLINGTON Wellington 6160

To The Right Honourable Jacinda Ardern (Hereafter Collectively “You” “Your”),

We know that it is our duty to keep you informed of our will on any matter or issue that comes before Parliament or that should come before Parliament which affects the welfare of all members of the New Zealander community.

IT IS OUR WILL that you take immediate and ongoing action to ensure that:

1. The Government and ALL its Ministers immediately cease with and repeal all its efforts in support of and implementation of any legislation compelling any person, citizen, resident, people/s or member of the New Zealand community to be vaccinated, until such time as the will of the New Zealander people are first expressed and determined via Referendum regarding the outcome of same on the important issue of compulsory or mandatory vaccination of all aforementioned parties. As you are already fully aware, legislating for the forced, compelled or mandatory vaccination of any people is illegal and unlawful without the prior expressed free will *consent* of the common people of New Zealand. Nor can access to the people’s entitlements be legally and lawfully legislated to be made conditional or limited and subject to the same being vaccinated without their consent prior to attaining their entitlement/s.
2. That every Minister take Notice of this ‘My Will Notice’ and abide by OUR will to NOT be vaccinated, nor our offspring/s vaccinated without our expressed prior written *consent*.
3. You accept personal liability for all damages, illnesses, death and genocide caused to any member of our immediate family or as a result of the application of any compulsory-mandatory vaccination program and that you agree to sign and witness the attached Affidavit of Claimant immediately and return same to us within 21 days of the date upon the Notice.
4. By failing, refusing or neglecting to sign and seal the attached Affidavit of Claimant within 21 days of the date of this Notice it is taken as your agreement and assent to deliver to us a statement in writing disclosing we are not required and are absolved of participation in any vaccination program without first attaining our expressed written *consent* while at the same time expressing our retention and preservation of our full and complete entitlements and rights.
5. As New Zealand is a corporation, operating within commerce, you are to ensure any efforts to introduce vaccination programs upon the people of New Zealand is preceded by full disclosure and transparency regarding the effect of vaccination, with supporting verified and independent evidence, so the general public, the people of New Zealand, are properly informed and competent to withhold or issue their *consent* to any program of mass vaccination.
6. Central Government allow their party and colleagues the right and duty to fulfil their judicially defined legal function and duty in their Parliament, and to speak and vote absolutely freely according to their individual conscience, and to **reflect and effect** the will of the people they (supposedly) represent.
7. Any candidate who promotes or otherwise presents to the electors, the people of New Zealand, a position regarding an issue in support of the expressed will of the people during any election campaign or otherwise, including but not limited by the issue of compulsory-mandatory-legislated vaccination, and subsequently fails, refuses or neglects when elected to represent or serve the expressed will of the people as promised during the election campaign, will, by a petition of 10% of his/her electors be removed from his seat or office, and same person shall be brought before the court under charges of treason and answerable to the people, if found guilty, to accept appropriate penalty and to pay costs of a by-election.

8. The expression of the will of the people of New Zealand is to be enforced by the Government and the Judiciary as promptly as practically possible.
9. Any Minister that defies the expressed will of the people of New Zealand is to be immediately and as soon as practically possible, be imprisoned and to be tried for treason.
10. Any Bill passed by Parliament but not published in the relevant Gazette shall be deemed never to have been enacted.
11. It is **MY WILL ("OUR")** that a referendum be held nationally and immediately and as soon as practically possible over the issue of compulsory or mandatory vaccinations.
12. It is **MY WILL ("OUR")** absolutely no changes are made to existing legislation concerning compulsory or mandatory vaccinations **without** the **consent** and **express will** of the People of New Zealand by referendum.
13. We do most humbly and respectfully Pray, Direct and Beseech you to intervene and convey **MY WILL ("OUR")** to the Ministers when next sitting at a full bench of Parliament.

It shall be taken that if no referendum is held over the critical issue of the question of compulsory vaccination directed at the adult population within twelve months of the date of this notice, that such omission, refusal, failure or neglect to perform is taken as proof of your intent to conspire with other local and foreign interests against the common people of New Zealand in a plan of genocide and possibly other hidden agendas that are contrary to the interests of and harmful to the New Zealand and its people for which you agree and accept you, yourselves are personally liable for.

Should our offspring/s or our own wellbeing suffer as a direct or indirect consequence of any vaccination program, now that you are aware our consent to any such compulsory or mandatory vaccination program and agenda is NOT given, you are Noticed that you are held liable jointly and severally for all such consequences.

Naturally those people in (alleged) authority who actively protect the interests, welfare and rights including the right to say no to any legislation that impinges on the rights of the common folk of New Zealand, the same will be immune from prosecution of charges of treason, nonfeasance of office, genocide and breach of fiducial duty.

It is **MY WILL ("OUR")** that a referendum be held over the issue of compulsory vaccinations and that the will of the People as expressed at a referendum be taken notice of by the Central Ministers and Central Government.

We do most humbly and respectfully Pray and Beseech you to intervene and convey MY WILL ("OUR") to all members of Parliament.

We are prepared to accept any vaccination when you have first delivered to us;

1. Proof of claim that the legislation pertaining to mandatory vaccinations or entitlement approvals subject to vaccinations;
 - a) Applies to a man or a woman, and
 - b) Apply to any member of our family, and
 - c) Entitlements are conditional and not unconditional, or
2. The signed Affidavit of Claimant taking responsibility and liability for the effects upon the recipient of all vaccinations, or
3. Delivered to us your written communication expressing an exemption from all vaccination programs and legislation for all members of our immediate family, including ourselves.

To affirm the intent of any written communication is bona fide, sincere and not misleading, we direct you to deliver to us within an equitable time of 21 days of the date of this Notice, your evidence sustaining the following claims, as well as the completed Affidavit of Claimant duly signed and sealed;

1. Proof of claim as to authority over us, as men and women, how that arose and the nature of the source of your authority to make decisions that deprive us of our entitlements without our expressed written consent. Don't refer to any legislation, act, statute or code, unless you can first deliver evidence with your claim to us that it applies to us, the living beings.
2. Legislation, acts, statutes and codes over-ride contract law and that equity does NOT prevail over the common law or statute.

3. Legislation, acts, statutes and codes do not apply to legal entities, creatures of statute, Government employees, corporations and agents of Government.
4. Legislation, acts, statutes and codes apply to men and women.

We direct you to provide us proof of your claims within 21 days of the date of this Notice or you rescind your claims and deliver us written confirmation that we are not compelled to be vaccinated while retaining our right to full entitlements!

We reserve our right to elect 'not be vaccinated' whilst retaining the right to attain our full entitlements UNCONDITIONALLY.

However, should you each individually complete the Affidavit of Claimant, sign and seal it, and deliver it to us within 21 days of the date of this Notice, we are prepared to accept your offer to be vaccinated.

Should you elect not to complete the Affidavit of Claimant and return it to us within the said 21 days of the date of this Notice, it shall be taken you accept all liability for the effects of vaccination of members of our family and agree to pay compensation of;

\$10,000,000 NZD per any family member that passes away as a result of any vaccination, paid within seven days of receiving an invoice from the surviving family member for the death of the family member made out by Bank certified cheque in NZD and payable to the remaining family member that pursues the claim, and

\$10,000,000 NZD per any family member that is in any way detrimentally effected as a result of any vaccination, paid within seven days of receiving an invoice from the family member, made out by Bank certified cheque in NZD and payable to the family member that pursues the claim.

Alternatively, you will and agree to deliver to us written communication confirming our entitlements are unaffected despite our exemption from all legislation, acts, statutes and codes that compel 'everyone', citizens, residents or any other legal persons to be vaccinated to retain their entitlements.

We afford you a more than reasonable and equitable 21 days of the date of this Notice to deliver to us evidence to sustain all your claims pursuant to the above 4 paragraphs along with your completed Affidavit of Claimant or deliver us a notice expressing our exemption from all legislation compelling us to be vaccinated in order to retain our entitlements.

AFFIDAVIT OF CLAIMANT

1. I am of legal age and competent to testify
2. I have first-hand knowledge of the facts stated herein
3. I am competent and have lawful authority to make the following statements/declarations
4. I am aware of the penalties of perjury
5. I have authority to participate or guide those participating in the decision-making process supporting the Vaccination program and industry in New Zealand
6. I am competent and have authority to be involved in the decisions regarding the implementation of compulsory vaccination in New Zealand
7. I believe all vaccination programs are safe, are for the benefit and overall welfare of the recipient and, will not cause any harm or material damage to the health and well-being of any man, woman or child living in New Zealand
8. I am aware of the many individual cases whereby the health and well-being of individual people, children and babies in particular, within New Zealand's community and overseas, have been detrimentally affected as a direct result of having been vaccinated
9. I am aware there are some toxic and poisonous substances and chemicals to humans used in many types of vaccination, including Mercury, but don't believe it to be any serious concern or consequence or, that it would result in any serious implications upon or repercussions to any recipient's health
10. I am aware that within New Zealand and outside of New Zealand, many babies in the order of several percent attain autism within 48 hours of receiving a vaccination and, others within two years of doing so
11. I am aware of the many detractors of vaccination programs
12. I am aware of the many detractors of vaccination programs claim, there are numerous recognised published lists and books both within and without New Zealand showing the detrimental effects upon vaccinated victims to a wide range and type of vaccinations, such as to polio, measles etc
13. I am aware in some specific vaccination programs around the world that, the vaccination itself causes more infection and sometimes outbursts of the very disease in the vaccinated population that it was intended to prevent
14. I believe all vaccination programs carried out within New Zealand are safe to all members of the local New Zealander community
15. I have performed all my due diligence and taken all fiduciary duty of care steps necessary, to afford me the confidence to make the above claim in paragraph 14
16. I am cognizant of my duty of care, fiduciary and moral duty to the people of New Zealand, to do my utmost in promoting and protecting the health and well-being of all people within the New Zealander community
17. I would not knowingly contribute to destroying, devastating or otherwise harming or damaging the health and well-being of any member of the New Zealander community
18. I agree to accept full and complete responsibility, accountability and liability personally, and jointly and,

severally with all other participants, advocating compulsory vaccination of all people of New Zealand, for any and all harm, damage, disease, illness and death of any man, woman and child of New Zealand

19. I agree to accept my share of the liability, jointly and severally, with all other advocates in the decision making process, past and present, within or without the compulsory vaccination program and industry, for damages to all effected victims of the compulsory vaccination program as well as criminal charges for manslaughter, murder and genocide should, any Judgment or Order result within New Zealand confirm the inherent dangers of any vaccination program
20. I agree to provide complete and transparent evidence in support of the compulsory vaccination program to this, my affidavit, to all people who request it **before** proceeding with supporting the further implementation and expansion of the compulsory vaccination program and industry within New Zealand as a sign of my own confidence in this industry
21. I agree upon request to provide a complete and transparent list of all the decision makers and contributors who contribute/d to the introduction, creation of and expansion of the compulsory vaccination program and industry within New Zealand, to those people who request it
22. I confirm and assure all people concerned by the compulsory vaccination program, there are more than sufficient safeguards to prevent any danger or threat to health and well-being of any community member within New Zealand
23. I confirm and assure all people concerned by the compulsory vaccination program that the program is most definitely not for the purpose of causing the mass and widespread poisoning of and genocide of the New Zealander population and that I guarantee that no such poisoning will ever occur
24. I confirm and assure all people concerned by the compulsory vaccination program, if the majority of people voice their objection against the implementation of such a program that, I will abide by the will of the majority of the New Zealander people and cease my support of it immediately thereafter
25. Should such a catastrophic (mass) poisoning occur resulting in mass population poisoning, illness and even death, I accept complete liability personally for my part in my involvement in the compulsory vaccination program and industry for misinforming and misleading the people-inhabitants of the land of New Zealand and, will compensate all those people effected by such a disaster personally to the best of my ability and, accept whatever penalty for my criminal negligence and breach of fiduciary duty and trust meted out to me by any New Zealander court
26. I affirm and attest the compulsory vaccination program and industry is not part of a wider program or any program to commit genocide throughout New Zealand
27. I have not seen or been presented with any material fact, genuine issue or evidence that shows that: I can **not** be lawfully held accountable and liable by any and all injured parties for my support of and participation in the compulsory vaccination program and industry in New Zealand and I sincerely believe no evidence to the contrary exists
28. I have not seen or been presented with any material fact, genuine issue or evidence that shows that: it was **not** the aim and intent of members of the general public to honorably and peaceably educate me about the consequences of the compulsory vaccination program and industry within New Zealand such, that I could not only make an informed decision in relation to the industry but, to protect myself from the consequences of my making possibly poor choices that may harm myself and others, and, I sincerely believe no evidence to the contrary exists
29. I have not seen or been presented with any material fact, genuine issue or evidence that shows that: the members of the general public do not have any lawful right or duty to bring to my and other participant's attention, in their own peaceful and honorable manner, the consequences involved in making public decisions effecting the health and welfare of the general community and that such has **not** now been achieved, and I sincerely believe no evidence to the contrary exists
30. I have not seen or been presented with any material fact, genuine issue or evidence that shows that: by me **not** providing immediately, and within the equitable time of 72 hours of the request, my indemnity insurance number and public liability account/bond or license number/s, to any member of the general public requesting it, as security/collateral for all damages or death I may contribute to/have cause/d as a result of the introduction of a compulsory vaccination program, is **not** my admission of guilt; *acceptance*

by silence and I sincerely believe no evidence to the contrary exists

31. I have not seen or been presented with any material fact, genuine issue or evidence that shows that: the general public can **not** lawfully claim and pursue an award for damages and financial compensation for any loss, damage, injury or death caused them against me personally for my part in supporting the compulsory vaccination program and industry within New Zealand and, I sincerely believe no evidence to the contrary exists
32. I have not seen or been presented with any material fact, genuine issue or evidence that shows that: by me refusing to complete and return this enclosed affidavit of claimant to anyone requesting it, is **not** my admission of guilt to either possession of knowledge about the damage caused by any compulsory vaccination program and/or unwillingness to take personal liability for my decisions that effect the members of the general New Zealander public, and I sincerely believe no evidence to the contrary exists
33. I have not seen or been presented with any material fact, genuine issue or evidence that shows that: by me refusing to complete and return this affidavit of claimant to anyone requesting it, is **not** my admission to acknowledgement of the extreme dangers to human health of certain ingredients within those vaccines administered under a forced or compulsory vaccination program and, I sincerely believe no evidence to the contrary exists
34. I accept and acknowledge Debbie Swanwick, Eden Holly Walker rights, that they are within their rights to object to and not consent to compelled, forced, coerced for mandatory COVID – 19 or other vaccinations or micro chipping program for themselves or for their family or children namely; Eden Holly Walker whereby they are not required to be vaccinated or micro chipped without consent from Debbie Swanwick.
35. I accept all liability for any detrimental effects caused to Debbie Swanwick, Eden Holly Walker, including but not limited to illness and death, as a direct and indirect result of taking a COVID – 19 or other vaccine or a micro chip under a compelled, forced, coerced or mandatory vaccination or micro chipping program.
36. I agree to pay Debbie Swanwick a cheque made out to Debbie Swanwick within 30 days of the date of receiving an invoice for an award of damages from same, for any detrimental effects of any compulsory vaccination program, including death, towards Debbie Swanwick, Eden Holly Walker were forced to take.
37. I make this affidavit believing conscientiously that, all the facts stated herein are true, correct, certain, complete and not in any way misleading and, with first-hand personal knowledge and made under penalty of perjury.

MY WILL NOTICE AND MANDATE

To The Right Honourable Jacinda Ardern,

It was brought to our attention that legislation has been created for the apparent mandatory vaccination of adults and children, using access to entitlements, as the sledgehammer to compel people to comply.

Such legislation smacks of a Stalinist Communist Orwellian State.

This is our Notice to you that;

1. We do not consent to any legislation that places conditions of our rights to our full entitlements, and
2. We do not consent to any legislation for mandatory or compelled vaccination
3. We do not consent to accept any program of vaccination, for Ourselves, and
4. As contract law prevails, you require Our consent to compel Us to accept any vaccination program upon Us
5. You rescind any current legislation requiring any member of the New Zealander population to be vaccinated in order to receive their entitlements and their unconditional right to receive their entitlements

Despite our objection to accepting any vaccination or any legislation mandating compulsory vaccination, We are prepared to accept both on the basis that you and all parties involved in such a program first individually completes an affidavit that discloses that the party accepts personal liability for ill health, side effects, death and genocide as a result of any vaccination the victim was compelled to take in order to receive their entitlement.

We mandate that you, and all heirs, successors, agents and assigns, rescind all current legislation compelling vaccination of any member of the New Zealander population in order for the same to receive their entitlements as well as prevent any future attempt to legislate for vaccination through the use and threat of restriction of entitlements or any other means.

WE SAY ‘NO’ TO COMPULSORY VACCINATIONS

AFFIDAVIT OF CLAIMANT

1. I am of legal age and competent to testify
2. I have first-hand knowledge of the facts stated herein
3. I am competent and have lawful authority to make the following statements/declarations
4. I am aware of the penalties of perjury
5. I have authority to participate or guide those participating in the decision-making process supporting the Vaccination program and industry in New Zealand
6. I am competent and have authority to be involved in the decisions regarding the implementation of compulsory vaccination in New Zealand
7. I believe all vaccination programs are safe, are for the benefit and overall welfare of the recipient and, will not cause any harm or material damage to the health and well-being of any man, woman or child living in New Zealand
8. I am aware of the many individual cases whereby the health and well-being of individual people, children and babies in particular, within New Zealand's community and overseas, have been detrimentally affected as a direct result of having been vaccinated
9. I am aware there are some toxic and poisonous substances and chemicals to humans used in many types of vaccination, including Mercury, but don't believe it to be any serious concern or consequence or, that it would result in any serious implications upon or repercussions to any recipient's health
10. I am aware that within New Zealand and outside of New Zealand, many babies in the order of several percent attain autism within 48 hours of receiving a vaccination and, others within two years of doing so
11. I am aware of the many detractors of vaccination programs
12. I am aware of the many detractors of vaccination programs claim, there are numerous recognised published lists and books both within and without New Zealand showing the detrimental effects upon vaccinated victims to a wide range and type of vaccinations, such as to polio, measles etc
13. I am aware in some specific vaccination programs around the world that, the vaccination itself causes more infection and sometimes outbursts of the very disease in the vaccinated population that it was intended to prevent
14. I believe all vaccination programs carried out within New Zealand are safe to all members of the local New Zealander community
15. I have performed all my due diligence and taken all fiduciary duty of care steps necessary, to afford me the confidence to make the above claim in paragraph 14
16. I am cognizant of my duty of care, fiduciary and moral duty to the people of New Zealand, to do my utmost in promoting and protecting the health and well-being of all people within the New Zealander community
17. I would not knowingly contribute to destroying, devastating or otherwise harming or damaging the health and well-being of any member of the New Zealander community

18. I agree to accept full and complete responsibility, accountability and liability personally, and jointly and, severally with all other participants, advocating compulsory vaccination of all people of New Zealand, for any and all harm, damage, disease, illness and death of any man, woman and child of New Zealand
19. I agree to accept my share of the liability, jointly and severally, with all other advocates in the decision making process, past and present, within or without the compulsory vaccination program and industry, for damages to all effected victims of the compulsory vaccination program as well as criminal charges for manslaughter, murder and genocide should, any Judgment or Order result within New Zealand confirm the inherent dangers of any vaccination program
20. I agree to provide complete and transparent evidence in support of the compulsory vaccination program to this, my affidavit, to all people who request it **before** proceeding with supporting the further implementation and expansion of the compulsory vaccination program and industry within New Zealand as a sign of my own confidence in this industry
21. I agree upon request to provide a complete and transparent list of all the decision makers and contributors who contribute/d to the introduction, creation of and expansion of the compulsory vaccination program and industry within New Zealand, to those people who request it
22. I confirm and assure all people concerned by the compulsory vaccination program, there are more than sufficient safeguards to prevent any danger or threat to health and well-being of any community member within New Zealand
23. I confirm and assure all people concerned by the compulsory vaccination program that the program is most definitely not for the purpose of causing the mass and widespread poisoning of and genocide of the New Zealander population and that I guarantee that no such poisoning will ever occur
24. I confirm and assure all people concerned by the compulsory vaccination program, if the majority of people voice their objection against the implementation of such a program that, I will abide by the will of the majority of the New Zealander people and cease my support of it immediately thereafter
25. Should such a catastrophic (mass) poisoning occur resulting in mass population poisoning, illness and even death, I accept complete liability personally for my part in my involvement in the compulsory vaccination program and industry for misinforming and misleading the people-inhabitants of the land of New Zealand and, will compensate all those people effected by such a disaster personally to the best of my ability and, accept whatever penalty for my criminal negligence and breach of fiduciary duty and trust meted out to me by any New Zealander court
26. I affirm and attest the compulsory vaccination program and industry is not part of a wider program or any program to commit genocide throughout New Zealand
27. I have not seen or been presented with any material fact, genuine issue or evidence that shows that: I can **not** be lawfully held accountable and liable by any and all injured parties for my support of and participation in the compulsory vaccination program and industry in New Zealand and I sincerely believe no evidence to the contrary exists
28. I have not seen or been presented with any material fact, genuine issue or evidence that shows that: it was **not** the aim and intent of members of the general public to honorably and peaceably educate me about the consequences of the compulsory vaccination program and industry within New Zealand such, that I could not only make an informed decision in relation to the industry but, to protect myself from the consequences of my making possibly poor choices that may harm myself and others, and, I sincerely believe no evidence to the contrary exists
29. I have not seen or been presented with any material fact, genuine issue or evidence that shows that: the members of the general public do not have any lawful right or duty to bring to my and other participant's attention, in their own peaceful and honorable manner, the consequences involved in making public decisions effecting the health and welfare of the general community and that such has **not** now been achieved, and I sincerely believe no evidence to the contrary exists
30. I have not seen or been presented with any material fact, genuine issue or evidence that shows that: by me **not** providing immediately, and within the equitable time of 72 hours of the request, my indemnity insurance number and public liability account/bond or license number/s, to any member of the general public requesting it, as security/collateral for all damages or death I may contribute to/have cause/d as a

result of the introduction of a compulsory vaccination program, is **not** my admission of guilt; *acceptance by silence* and I sincerely believe no evidence to the contrary exists

31. I have not seen or been presented with any material fact, genuine issue or evidence that shows that: the general public can **not** lawfully claim and pursue an award for damages and financial compensation for any loss, damage, injury or death caused them against me personally for my part in supporting the compulsory vaccination program and industry within New Zealand and, I sincerely believe no evidence to the contrary exists
32. I have not seen or been presented with any material fact, genuine issue or evidence that shows that: by me refusing to complete and return this enclosed affidavit of claimant to anyone requesting it, is **not** my admission of guilt to either possession of knowledge about the damage caused by any compulsory vaccination program and/or unwillingness to take personal liability for my decisions that effect the members of the general New Zealander public, and I sincerely believe no evidence to the contrary exists
33. I have not seen or been presented with any material fact, genuine issue or evidence that shows that: by me refusing to complete and return this affidavit of claimant to anyone requesting it, is **not** my admission to acknowledgement of the extreme dangers to human health of certain ingredients within those vaccines administered under a forced or compulsory vaccination program and, I sincerely believe no evidence to the contrary exists
34. I accept and acknowledge Debbie Swanwick, Eden Holly Walker rights, that they are within their rights to object to and not consent to compelled, forced, coerced for mandatory COVID – 19 or other vaccinations or micro chipping program for themselves or for their family or children namely; Eden Holly Walker whereby they are not required to be vaccinated or micro chipped without consent from Debbie Swanwick.
35. I accept all liability for any detrimental effects caused to Debbie Swanwick, Eden Holly Walker, including but not limited to illness and death, as a direct and indirect result of taking a COVID – 19 or other vaccine or a micro chip under a compelled, forced, coerced or mandatory vaccination or micro chipping program.
36. I agree to pay Debbie Swanwick a cheque made out to Debbie Swanwick within 30 days of the date of receiving an invoice for an award of damages from same, for any detrimental effects of any compulsory vaccination program, including death, towards Debbie Swanwick, Eden Holly Walker were forced to take.
37. I make this affidavit believing conscientiously that, all the facts stated herein are true, correct, certain, complete and not in any way misleading and, with first-hand personal knowledge and made under penalty of perjury.

MY WILL NOTICE AND MANDATE

To The Right Honourable Jacinda Ardern,

It was brought to our attention that legislation has been created for the apparent mandatory vaccination of adults and children, using access to entitlements, as the sledgehammer to compel people to comply.

Such legislation smacks of a Stalinist Communist Orwellian State.

This is our Notice to you that;

1. We do not consent to any legislation that places conditions of our rights to our full entitlements, and
2. We do not consent to any legislation for mandatory or compelled vaccination
3. We do not consent to accept any program of vaccination, for Ourselves, and
4. As contract law prevails, you require Our consent to compel Us to accept any vaccination program upon Us
5. You rescind any current legislation requiring any member of the New Zealander population to be vaccinated in order to receive their entitlements and their unconditional right to receive their entitlements

Despite our objection to accepting any vaccination or any legislation mandating compulsory vaccination, We are prepared to accept both on the basis that you and all parties involved in such a program first individually completes an affidavit that discloses that the party accepts personal liability for ill health, side effects, death and genocide as a result of any vaccination the victim was compelled to take in order to receive their entitlement.

We mandate that you, and all heirs, successors, agents and assigns, rescind all current legislation compelling vaccination of any member of the New Zealander population in order for the same to receive their entitlements as well as prevent any future attempt to legislate for vaccination through the use and threat of restriction of entitlements or any other means.

**MY WILL NOTICE AND NOTICE AND DEMAND FOR FURTHER AND
BETTER PARTICULARS**

Chris Hipkins (“You”, “Your”)
The Honourable Chris Hipkins
Freepost PO Box 18 888 Parliament Buildings
WELLINGTON Wellington 6160

To The Hon Chris Hipkins (Hereafter Collectively “You” “Your”),

We know that it is our duty to keep you informed of our will on any matter or issue that comes before Parliament or that should come before Parliament which affects the welfare of all members of the New Zealander community.

IT IS OUR WILL that you take immediate and ongoing action to ensure that:

1. The Government and ALL its Ministers immediately cease with and repeal all its efforts in support of and implementation of any legislation compelling any person, citizen, resident, people/s or member of the New Zealand community to be vaccinated, until such time as the will of the New Zealander people are first expressed and determined via Referendum regarding the outcome of same on the important issue of compulsory or mandatory vaccination of all aforementioned parties. As you are already fully aware, legislating for the forced, compelled or mandatory vaccination of any people is illegal and unlawful without the prior expressed free will *consent* of the common people of New Zealand. Nor can access to the people’s entitlements be legally and lawfully legislated to be made conditional or limited and subject to the same being vaccinated without their consent prior to attaining their entitlement/s.
2. That every Minister take Notice of this ‘My Will Notice’ and abide by OUR will to NOT be vaccinated, nor our offspring/s vaccinated without our expressed prior written *consent*.
3. You accept personal liability for all damages, illnesses, death and genocide caused to any member of our immediate family or as a result of the application of any compulsory-mandatory vaccination program and that you agree to sign and witness the attached Affidavit of Claimant immediately and return same to us within 21 days of the date upon the Notice.
4. By failing, refusing or neglecting to sign and seal the attached Affidavit of Claimant within 21 days of the date of this Notice it is taken as your agreement and assent to deliver to us a statement in writing disclosing we are not required and are absolved of participation in any vaccination program without first attaining our expressed written *consent* while at the same time expressing our retention and preservation of our full and complete entitlements and rights, including but not limited to; Family Tax Benefit A and Child Care Subsidy entitlements.
5. As New Zealand is a corporation, operating within commerce, you are to ensure any efforts to introduce vaccination programs upon the people of New Zealand is preceded by full disclosure and transparency regarding the effect of vaccination, with supporting verified and independent evidence, so the general public, the people of New Zealand, are properly informed and competent to withhold or issue their *consent* to any program of mass vaccination.
6. Central Government allow their party and colleagues the right and duty to fulfil their judicially defined legal function and duty in their Parliament, and to speak and vote absolutely freely according to their individual conscience, and to **reflect and effect** the will of the people they (supposedly) represent.
7. Any candidate who promotes or otherwise presents to the electors, the people of New Zealand, a position regarding an issue in support of the expressed will of the people during any election campaign or otherwise, including but not limited by the issue of compulsory-mandatory-legislated vaccination, and subsequently fails, refuses or neglects when elected to represent or serve the expressed will of the people as promised during the election campaign, will, by a petition of 10% of his/her electors be removed from his seat or office, and same person shall be brought before the court under charges of treason and answerable to the people, if found guilty, to accept appropriate penalty and to pay costs of a by-election.

8. The expression of the will of the people of New Zealand is to be enforced by the Government and the Judiciary as promptly as practically possible.
9. Any Minister that defies the expressed will of the people of New Zealand is to be immediately and as soon as practically possible, be imprisoned and to be tried for treason.
10. Any Bill passed by Parliament but not published in the relevant Gazette shall be deemed never to have been enacted.
11. It is **MY WILL ("OUR")** that a referendum be held nationally and immediately and as soon as practically possible over the issue of compulsory or mandatory vaccinations.
12. It is **MY WILL ("OUR")** absolutely no changes are made to existing legislation concerning compulsory or mandatory vaccinations **without** the **consent** and **express will** of the People of New Zealand by referendum.
13. We do most humbly and respectfully Pray, Direct and Beseech you to intervene and convey **MY WILL ("OUR")** to the Ministers when next sitting at a full bench of Parliament.

It shall be taken that if no referendum is held over the critical issue of the question of compulsory vaccination directed at the adult population within twelve months of the date of this notice, that such omission, refusal, failure or neglect to perform is taken as proof of your intent to conspire with other local and foreign interests against the common people of New Zealand in a plan of genocide and possibly other hidden agendas that are contrary to the interests of and harmful to New Zealand and its people for which you agree and accept you, yourselves are personally liable for.

Should our offspring/s or our own wellbeing suffer as a direct or indirect consequence of any vaccination program, now that you are aware our consent to any such compulsory or mandatory vaccination program and agenda is NOT given, you are Noticed that you are held liable jointly and severally for all such consequences.

Naturally those people in (alleged) authority who actively protect the interests, welfare and rights including the right to say no to any legislation that impinges on the rights of the common folk of New Zealand, the same will be immune from prosecution of charges of treason, nonfeasance of office, genocide and breach of fiducial duty.

It is **MY WILL ("OUR")** that a referendum be held over the issue of compulsory vaccinations and that the will of the People as expressed at a referendum be taken notice of by the Central Ministers and Central Government.

We do most humbly and respectfully Pray and Beseech you to intervene and convey MY WILL ("OUR") to all members of Parliament.

We are prepared to accept any vaccination when you have first delivered to us;

1. Proof of claim that the legislation pertaining to mandatory vaccinations or entitlement approvals subject to vaccinations;
 - a) Applies to a man or a woman, and
 - b) Apply to any member of our family, and
 - c) Entitlements are conditional and not unconditional, or
 2. The signed Affidavit of Claimant taking responsibility and liability for the effects upon the recipient of all vaccinations, or
 3. Delivered to us your written communication expressing an exemption from all vaccination programs and legislation for all members of our immediate family, including ourselves.
- To affirm the intent of any written communication is bona fide, sincere and not misleading, we direct you to deliver to us within an equitable time of 21 days of the date of this Notice, your evidence sustaining the following claims, as well as the completed Affidavit of Claimant duly signed and sealed;
1. Proof of claim as to authority over us, as men and women, how that arose and the nature of the source of your authority to make decisions that deprive us of our entitlements without our expressed written consent. Don't refer to any legislation, act, statute or code, unless you can first deliver evidence with your claim to us that it applies to us, the living beings.
 2. Legislation, acts, statutes and codes over-ride contract law and that equity does NOT prevail over the common law or statute.
 3. Legislation, acts, statutes and codes do not apply to legal entities, creatures of statute, Government employees, corporations and agents of Government.

4. Legislation, acts, statutes and codes apply to men and women.

We direct you to provide us proof of your claims within 21 days of the date of this Notice or you rescind your claims and deliver us written confirmation that we are not compelled to be vaccinated while retaining our right to full entitlements!

We reserve our right to elect 'not be vaccinated' whilst retaining the right to attain our full entitlements UNCONDITIONALLY.

However, should you each individually complete the Affidavit of Claimant, sign and seal it, and deliver it to us within 21 days of the date of this Notice, we are prepared to accept your offer to be vaccinated.

Should you elect not to complete the Affidavit of Claimant and return it to us within the said 21 days of the date of this Notice, it shall be taken you accept all liability for the effects of vaccination of members of our family and agree to pay compensation of;

\$10,000,000 NZD per any family member that passes away as a result of any vaccination, paid within seven days of receiving an invoice from the surviving family member for the death of the family member made out by Bank certified cheque in NZD and payable to the remaining family member that pursues the claim, and

\$10,000,000 NZD per any family member that is in any way detrimentally effected as a result of any vaccination, paid within seven days of receiving an invoice from the family member, made out by Bank certified cheque in NZD and payable to the family member that pursues the claim.

Alternatively, you will and agree to deliver to us written communication confirming our entitlements are unaffected despite our exemption from all legislation, acts, statutes and codes that compel 'everyone', citizens, residents or any other legal persons to be vaccinated to retain their entitlements.

We afford you a more than reasonable and equitable 21 days of the date of this Notice to deliver to us evidence to sustain all your claims pursuant to the above 4 paragraphs along with your completed Affidavit of Claimant or deliver us a notice expressing our exemption from all legislation compelling us to be vaccinated in order to retain our entitlements.

**MY WILL NOTICE AND NOTICE AND DEMAND FOR FURTHER AND
BETTER PARTICULARS**

Tracey Martin (“You” , “Your”)
The Honourable Tracey Martin
Parliament Office Private Bag 18888 Private Bag 39995, Wellington Mail Centre
WELLINGTON Wellington 6160

To The Hon Tracey Martin (Hereafter Collectively “You” “Your”),

We know that it is our duty to keep you informed of our will on any matter or issue that comes before Parliament or that should come before Parliament which affects the welfare of all members of the New Zealander community.

IT IS OUR WILL that you take immediate and ongoing action to ensure that:

1. The Central Government and ALL its Ministers immediately cease with and repeal all its efforts in support of and implementation of any legislation compelling any person, citizen, resident, people/s or member of the New Zealand community to be vaccinated, until such time as the will of the New Zealander people are first expressed and determined via Referendum regarding the outcome of same on the important issue of compulsory or mandatory vaccination of all aforementioned parties. As you are already fully aware, legislating for the forced, compelled or mandatory vaccination of any people is illegal and unlawful without the prior expressed free will *consent* of the common people of New Zealand. Nor can access to the people’s entitlements be legally and lawfully legislated to be made conditional or limited and subject to the same being vaccinated without their consent prior to attaining their entitlement/s.
2. That every Central Minister take Notice of this ‘My Will Notice’ and abide by OUR will to NOT be vaccinated, nor our offspring/s vaccinated without our expressed prior written *consent*.
3. You accept personal liability for all damages, illnesses, death and genocide caused to any member of our immediate family or as a result of the application of any compulsory-mandatory vaccination program and that you agree to sign and witness the attached Affidavit of Claimant immediately and return same to us within 21 days of the date upon the Notice.
4. By failing, refusing or neglecting to sign and seal the attached Affidavit of Claimant within 21 days of the date of this Notice it is taken as your agreement and assent to deliver to us a statement in writing disclosing we are not required and are absolved of participation in any vaccination program without first attaining our expressed written *consent* while at the same time expressing our retention and preservation of our full and complete entitlements and rights, including but not limited to; Family Tax Benefit A and Child Care Subsidy entitlements.
5. As New Zealand is a corporation, operating within commerce, you are to ensure any efforts to introduce vaccination programs upon the people of New Zealand is preceded by full disclosure and transparency regarding the effect of vaccination, with supporting verified and independent evidence, so the general public, the people of New Zealand, are properly informed and competent to withhold or issue their *consent* to any program of mass vaccination.
6. Central Government allow their party and colleagues the right and duty to fulfil their judicially defined legal function and duty in their Parliament, and to speak and vote absolutely freely according to their individual conscience, and to **reflect and effect** the will of the people they (supposedly) represent.
7. Any candidate who promotes or otherwise presents to the electors, the people of New Zealand, a position regarding an issue in support of the expressed will of the people during any election campaign or otherwise, including but not limited by the issue of compulsory-mandatory-legislated vaccination, and subsequently fails, refuses or neglects when elected to represent or serve the expressed will of the people as promised during the election campaign, will, by a petition of 10% of his/her electors be removed from his seat or office, and same person shall be brought before the court under charges of treason and answerable to the people, if found guilty, to accept appropriate penalty and to pay costs of a by-election.

8. The expression of the will of the people of New Zealand is to be enforced by the Government and the Judiciary as promptly as practically possible.
9. Any Minister that defies the expressed will of the people of New Zealand is to be immediately and as soon as practically possible, be imprisoned and to be tried for treason.
10. Any Bill passed by a Parliament but not published in the relevant Gazette shall be deemed never to have been enacted.
11. It is **MY WILL ("OUR")** that a referendum be held nationally and immediately and as soon as practically possible over the issue of compulsory or mandatory vaccinations.
12. It is **MY WILL ("OUR")** absolutely no changes are made to existing legislation concerning compulsory or mandatory vaccinations **without** the **consent** and **express will** of the People of New Zealand by referendum.
13. We do most humbly and respectfully Pray, Direct and Beseech you to intervene and convey **MY WILL ("OUR")** to the Ministers when next sitting at a full bench of Parliament.

It shall be taken that if no referendum is held over the critical issue of the question of compulsory vaccination directed at the adult population within twelve months of the date of this notice, that such omission, refusal, failure or neglect to perform is taken as proof of your intent to conspire with other local and foreign interests against the common people of New Zealand in a plan of genocide and possibly other hidden agendas that are contrary to the interests of and harmful to New Zealand and its people for which you agree and accept you, yourselves are personally liable for.

Should our offspring/s or our own wellbeing suffer as a direct or indirect consequence of any vaccination program, now that you are aware our consent to any such compulsory or mandatory vaccination program and agenda is NOT given, you are Noticed that you are held liable jointly and severally for all such consequences.

Naturally those people in (alleged) authority who actively protect the interests, welfare and rights including the right to say no to any legislation that impinges on the rights of the common folk of New Zealand, the same will be immune from prosecution of charges of treason, nonfeasance of office, genocide and breach of fiducial duty.

It is **MY WILL ("OUR")** that a referendum be held over the issue of compulsory vaccinations and that the will of the People as expressed at a referendum be taken notice of by the Central Ministers and Central Government.

We do most humbly and respectfully Pray and Beseech you to intervene and convey **MY WILL ("OUR")** to all members of Parliament.

We are prepared to accept any vaccination when you have first delivered to us;

1. Proof of claim that the legislation pertaining to mandatory vaccinations or entitlement approvals subject to vaccinations;
 - a) Applies to a man or a woman, and
 - b) Apply to any member of our family, and
 - c) Entitlements are conditional and not unconditional, or
2. The signed Affidavit of Claimant taking responsibility and liability for the effects upon the recipient of all vaccinations, or
3. Delivered to us your written communication expressing an exemption from all vaccination programs and legislation for all members of our immediate family, including ourselves.

To affirm the intent of any written communication is bona fide, sincere and not misleading, we direct you to deliver to us within an equitable time of 21 days of the date of this Notice, your evidence sustaining the following claims, as well as the completed Affidavit of Claimant duly signed and sealed;

1. Proof of claim as to authority over us, as men and women, how that arose and the nature of the source of your authority to make decisions that deprive us of our entitlements without our expressed written consent. Don't refer to any legislation, act, statute or code, unless you can first deliver evidence with your claim to us that it applies to us, the living beings.
2. Legislation, acts, statutes and codes over-ride contract law and that equity does NOT prevail over the common law or statute.

3. Legislation, acts, statutes and codes do not apply to legal entities, creatures of statute, Government employees, corporations and agents of Government.
4. Legislation, acts, statutes and codes apply to men and women.

We direct you to provide us proof of your claims within 21 days of the date of this Notice or you rescind your claims and deliver us written confirmation that we are not compelled to be vaccinated while retaining our right to full entitlements!

We reserve our right to elect 'not be vaccinated' whilst retaining the right to attain our full entitlements UNCONDITIONALLY.

However, should you each individually complete the Affidavit of Claimant, sign and seal it, and deliver it to us within 21 days of the date of this Notice, we are prepared to accept your offer to be vaccinated.

Should you elect not to complete the Affidavit of Claimant and return it to us within the said 21 days of the date of this Notice, it shall be taken you accept all liability for the effects of vaccination of members of our family and agree to pay compensation of;

\$10,000,000 NZD per any family member that passes away as a result of any vaccination, paid within seven days of receiving an invoice from the surviving family member for the death of the family member made out by Bank certified cheque in NZD and payable to the remaining family member that pursues the claim, and

\$10,000,000 NZD per any family member that is in any way detrimentally effected as a result of any vaccination, paid within seven days of receiving an invoice from the family member, made out by Bank certified cheque in NZD and payable to the family member that pursues the claim.

Alternatively, you will and agree to deliver to us written communication confirming our entitlements are unaffected despite our exemption from all legislation, acts, statutes and codes that compel 'everyone', citizens, residents or any other legal persons to be vaccinated to retain their entitlements.

We afford you a more than reasonable and equitable 21 days of the date of this Notice to deliver to us evidence to sustain all your claims pursuant to the above 4 paragraphs along with your completed Affidavit of Claimant or deliver us a notice expressing our exemption from all legislation compelling us to be vaccinated in order to retain our entitlements.

AFFIDAVIT OF CLAIMANT

1. I am of legal age and competent to testify
2. I have first-hand knowledge of the facts stated herein
3. I am competent and have lawful authority to make the following statements/declarations
4. I am aware of the penalties of perjury
5. I have authority to participate or guide those participating in the decision-making process supporting the Vaccination program and industry in New Zealand
6. I am competent and have authority to be involved in the decisions regarding the implementation of compulsory vaccination in New Zealand
7. I believe all vaccination programs are safe, are for the benefit and overall welfare of the recipient and, will not cause any harm or material damage to the health and well-being of any man, woman or child living in New Zealand
8. I am aware of the many individual cases whereby the health and well-being of individual people, children and babies in particular, within New Zealand's community and overseas, have been detrimentally affected as a direct result of having been vaccinated
9. I am aware there are some toxic and poisonous substances and chemicals to humans used in many types of vaccination, including Mercury, but don't believe it to be any serious concern or consequence or, that it would result in any serious implications upon or repercussions to any recipient's health
10. I am aware that within New Zealand and outside of New Zealand, many babies in the order of several percent attain autism within 48 hours of receiving a vaccination and, others within two years of doing so
11. I am aware of the many detractors of vaccination programs
12. I am aware of the many detractors of vaccination programs claim, there are numerous recognised published lists and books both within and without New Zealand showing the detrimental effects upon vaccinated victims to a wide range and type of vaccinations, such as to polio, measles etc
13. I am aware in some specific vaccination programs around the world that, the vaccination itself causes more infection and sometimes outbursts of the very disease in the vaccinated population that it was intended to prevent
14. I believe all vaccination programs carried out within New Zealand are safe to all members of the local New Zealander community
15. I have performed all my due diligence and taken all fiduciary duty of care steps necessary, to afford me the confidence to make the above claim in paragraph 14
16. I am cognizant of my duty of care, fiduciary and moral duty to the people of New Zealand, to do my utmost in promoting and protecting the health and well-being of all people within the New Zealander community
17. I would not knowingly contribute to destroying, devastating or otherwise harming or damaging the health and well-being of any member of the New Zealander community

18. I agree to accept full and complete responsibility, accountability and liability personally, and jointly and, severally with all other participants, advocating compulsory vaccination of all people of New Zealand, for any and all harm, damage, disease, illness and death of any man, woman and child of New Zealand
19. I agree to accept my share of the liability, jointly and severally, with all other advocates in the decision making process, past and present, within or without the compulsory vaccination program and industry, for damages to all effected victims of the compulsory vaccination program as well as criminal charges for manslaughter, murder and genocide should, any Judgment or Order result within New Zealand confirm the inherent dangers of any vaccination program
20. I agree to provide complete and transparent evidence in support of the compulsory vaccination program to this, my affidavit, to all people who request it **before** proceeding with supporting the further implementation and expansion of the compulsory vaccination program and industry within New Zealand as a sign of my own confidence in this industry
21. I agree upon request to provide a complete and transparent list of all the decision makers and contributors who contribute/d to the introduction, creation of and expansion of the compulsory vaccination program and industry within New Zealand, to those people who request it
22. I confirm and assure all people concerned by the compulsory vaccination program, there are more than sufficient safeguards to prevent any danger or threat to health and well-being of any community member within New Zealand
23. I confirm and assure all people concerned by the compulsory vaccination program that the program is most definitely not for the purpose of causing the mass and widespread poisoning of and genocide of the New Zealander population and that I guarantee that no such poisoning will ever occur
24. I confirm and assure all people concerned by the compulsory vaccination program, if the majority of people voice their objection against the implementation of such a program that, I will abide by the will of the majority of the New Zealander people and cease my support of it immediately thereafter
25. Should such a catastrophic (mass) poisoning occur resulting in mass population poisoning, illness and even death, I accept complete liability personally for my part in my involvement in the compulsory vaccination program and industry for misinforming and misleading the people-inhabitants of the land of New Zealand and, will compensate all those people effected by such a disaster personally to the best of my ability and, accept whatever penalty for my criminal negligence and breach of fiduciary duty and trust meted out to me by any New Zealander court
26. I affirm and attest the compulsory vaccination program and industry is not part of a wider program or any program to commit genocide throughout New Zealand
27. I have not seen or been presented with any material fact, genuine issue or evidence that shows that: I can **not** be lawfully held accountable and liable by any and all injured parties for my support of and participation in the compulsory vaccination program and industry in New Zealand and I sincerely believe no evidence to the contrary exists
28. I have not seen or been presented with any material fact, genuine issue or evidence that shows that: it was **not** the aim and intent of members of the general public to honorably and peaceably educate me about the consequences of the compulsory vaccination program and industry within New Zealand such, that I could not only make an informed decision in relation to the industry but, to protect myself from the consequences of my making possibly poor choices that may harm myself and others, and, I sincerely believe no evidence to the contrary exists
29. I have not seen or been presented with any material fact, genuine issue or evidence that shows that: the members of the general public do not have any lawful right or duty to bring to my and other participant's attention, in their own peaceful and honorable manner, the consequences involved in making public decisions effecting the health and welfare of the general community and that such has **not** now been achieved, and I sincerely believe no evidence to the contrary exists
30. I have not seen or been presented with any material fact, genuine issue or evidence that shows that: by me **not** providing immediately, and within the equitable time of 72 hours of the request, my indemnity insurance number and public liability account/bond or license number/s, to any member of the general public requesting it, as security/collateral for all damages or death I may contribute to/have cause/d as a

result of the introduction of a compulsory vaccination program, is **not** my admission of guilt; *acceptance by silence* and I sincerely believe no evidence to the contrary exists

31. I have not seen or been presented with any material fact, genuine issue or evidence that shows that: the general public can **not** lawfully claim and pursue an award for damages and financial compensation for any loss, damage, injury or death caused them against me personally for my part in supporting the compulsory vaccination program and industry within New Zealand and, I sincerely believe no evidence to the contrary exists
32. I have not seen or been presented with any material fact, genuine issue or evidence that shows that: by me refusing to complete and return this enclosed affidavit of claimant to anyone requesting it, is **not** my admission of guilt to either possession of knowledge about the damage caused by any compulsory vaccination program and/or unwillingness to take personal liability for my decisions that effect the members of the general New Zealander public, and I sincerely believe no evidence to the contrary exists
33. I have not seen or been presented with any material fact, genuine issue or evidence that shows that: by me refusing to complete and return this affidavit of claimant to anyone requesting it, is **not** my admission to acknowledgement of the extreme dangers to human health of certain ingredients within those vaccines administered under a forced or compulsory vaccination program and, I sincerely believe no evidence to the contrary exists
34. I accept and acknowledge Debbie Swanwick, Eden Holly Walker rights, that they are within their rights to object to and not consent to compelled, forced, coerced for mandatory COVID – 19 or other vaccinations or micro chipping program for themselves or for their family or children namely; Eden Holly Walker whereby they are not required to be vaccinated or micro chipped without consent from Debbie Swanwick.
35. I accept all liability for any detrimental effects caused to Debbie Swanwick, Eden Holly Walker, including but not limited to illness and death, as a direct and indirect result of taking a COVID – 19 or other vaccine or a micro chip under a compelled, forced, coerced or mandatory vaccination or micro chipping program.
36. I agree to pay Debbie Swanwick a cheque made out to Debbie Swanwick within 30 days of the date of receiving an invoice for an award of damages from same, for any detrimental effects of any compulsory vaccination program, including death, towards Debbie Swanwick, Eden Holly Walker were forced to take.
37. I make this affidavit believing conscientiously that, all the facts stated herein are true, correct, certain, complete and not in any way misleading and, with first-hand personal knowledge and made under penalty of perjury.

MY WILL NOTICE AND MANDATE

To The Right Honourable Jacinda Ardern,

It was brought to our attention that legislation has been created for the apparent mandatory vaccination of adults and children, using access to entitlements, as the sledgehammer to compel people to comply.

Such legislation smacks of a Stalinist Communist Orwellian State.

This is our Notice to you that;

1. We do not consent to any legislation that places conditions of our rights to our full entitlements, and
2. We do not consent to any legislation for mandatory or compelled vaccination
3. We do not consent to accept any program of vaccination, for Ourselves, and
4. As contract law prevails, you require Our consent to compel Us to accept any vaccination program upon Us
5. You rescind any current legislation requiring any member of the New Zealander population to be vaccinated in order to receive their entitlements and their unconditional right to receive their entitlements

Despite our objection to accepting any vaccination or any legislation mandating compulsory vaccination, We are prepared to accept both on the basis that you and all parties involved in such a program first individually completes an affidavit that discloses that the party accepts personal liability for ill health, side effects, death and genocide as a result of any vaccination the victim was compelled to take in order to receive their entitlement.

We mandate that you, and all heirs, successors, agents and assigns, rescind all current legislation compelling vaccination of any member of the New Zealander population in order for the same to receive their entitlements as well as prevent any future attempt to legislate for vaccination through the use and threat of restriction of entitlements or any other means.

WE SAY ‘NO’ TO COMPULSORY VACCINATIONS

16. I am cognizant of my duty of care, fiduciary and moral duty to the people of New Zealand, to do my utmost in promoting and protecting the health and well-being of all people within the New Zealander community
17. I would not knowingly contribute to destroying, devastating or otherwise harming or damaging the health and well-being of any member of the New Zealander community

18. I agree to accept full and complete responsibility, accountability and liability personally, and jointly and, severally with all other participants, advocating compulsory vaccination of all people of New Zealand, for any and all harm, damage, disease, illness and death of any man, woman and child of New Zealand
19. I agree to accept my share of the liability, jointly and severally, with all other advocates in the decision making process, past and present, within or without the compulsory vaccination program and industry, for damages to all effected victims of the compulsory vaccination program as well as criminal charges for manslaughter, murder and genocide should, any Judgment or Order result within New Zealand confirm the inherent dangers of any vaccination program
20. I agree to provide complete and transparent evidence in support of the compulsory vaccination program to this, my affidavit, to all people who request it **before** proceeding with supporting the further implementation and expansion of the compulsory vaccination program and industry within New Zealand as a sign of my own confidence in this industry
21. I agree upon request to provide a complete and transparent list of all the decision makers and contributors who contribute/d to the introduction, creation of and expansion of the compulsory vaccination program and industry within New Zealand, to those people who request it
22. I confirm and assure all people concerned by the compulsory vaccination program, there are more than sufficient safeguards to prevent any danger or threat to health and well-being of any community member within New Zealand
23. I confirm and assure all people concerned by the compulsory vaccination program that the program is most definitely not for the purpose of causing the mass and widespread poisoning of and genocide of the New Zealander population and that I guarantee that no such poisoning will ever occur
24. I confirm and assure all people concerned by the compulsory vaccination program, if the majority of people voice their objection against the implementation of such a program that, I will abide by the will of the majority of the New Zealander people and cease my support of it immediately thereafter
25. Should such a catastrophic (mass) poisoning occur resulting in mass population poisoning, illness and even death, I accept complete liability personally for my part in my involvement in the compulsory vaccination program and industry for misinforming and misleading the people-inhabitants of the land of New Zealand and, will compensate all those people effected by such a disaster personally to the best of my ability and, accept whatever penalty for my criminal negligence and breach of fiduciary duty and trust meted out to me by any New Zealander court
26. I affirm and attest the compulsory vaccination program and industry is not part of a wider program or any program to commit genocide throughout New Zealand
27. I have not seen or been presented with any material fact, genuine issue or evidence that shows that: I can **not** be lawfully held accountable and liable by any and all injured parties for my support of and participation in the compulsory vaccination program and industry in New Zealand and I sincerely believe no evidence to the contrary exists
28. I have not seen or been presented with any material fact, genuine issue or evidence that shows that: it was **not** the aim and intent of members of the general public to honorably and peaceably educate me about the consequences of the compulsory vaccination program and industry within New Zealand such, that I could not only make an informed decision in relation to the industry but, to protect myself from the consequences of my making possibly poor choices that may harm myself and others, and, I sincerely believe no evidence to the contrary exists
29. I have not seen or been presented with any material fact, genuine issue or evidence that shows that: the members of the general public do not have any lawful right or duty to bring to my and other participant's attention, in their own peaceful and honorable manner, the consequences involved in making public decisions effecting the health and welfare of the general community and that such has **not** now been achieved, and I sincerely believe no evidence to the contrary exists
30. I have not seen or been presented with any material fact, genuine issue or evidence that shows that: by me **not** providing immediately, and within the equitable time of 72 hours of the request, my indemnity insurance number and public liability account/bond or license number/s, to any member of the general public requesting it, as security/collateral for all damages or death I may contribute to/have cause/d as a

result of the introduction of a compulsory vaccination program, is **not** my admission of guilt; *acceptance by silence* and I sincerely believe no evidence to the contrary exists

31. I have not seen or been presented with any material fact, genuine issue or evidence that shows that: the general public can **not** lawfully claim and pursue an award for damages and financial compensation for any loss, damage, injury or death caused them against me personally for my part in supporting the compulsory vaccination program and industry within New Zealand and, I sincerely believe no evidence to the contrary exists
32. I have not seen or been presented with any material fact, genuine issue or evidence that shows that: by me refusing to complete and return this enclosed affidavit of claimant to anyone requesting it, is **not** my admission of guilt to either possession of knowledge about the damage caused by any compulsory vaccination program and/or unwillingness to take personal liability for my decisions that effect the members of the general New Zealander public, and I sincerely believe no evidence to the contrary exists
33. I have not seen or been presented with any material fact, genuine issue or evidence that shows that: by me refusing to complete and return this affidavit of claimant to anyone requesting it, is **not** my admission to acknowledgement of the extreme dangers to human health of certain ingredients within those vaccines administered under a forced or compulsory vaccination program and, I sincerely believe no evidence to the contrary exists
34. I accept and acknowledge Debbie Swanwick, Eden Holly Walker rights, that they are within their rights to object to and not consent to compelled, forced, coerced for mandatory COVID – 19 or other vaccinations or micro chipping program for themselves or for their family or children namely; Eden Holly Walker whereby they are not required to be vaccinated or micro chipped without consent from Debbie Swanwick.

MY WILL NOTICE AND MANDATE

To The Right Honourable Jacinda Ardern,

It was brought to our attention that legislation has been created for the apparent mandatory vaccination of adults and children, using access to entitlements, as the sledgehammer to compel people to comply.

Such legislation smacks of a Stalinist Communist Orwellian State.

This is our Notice to you that;

1. We do not consent to any legislation that places conditions of our rights to our full entitlements, and
2. We do not consent to any legislation for mandatory or compelled vaccination
3. We do not consent to accept any program of vaccination, for Ourselves, and
4. As contract law prevails, you require Our consent to compel Us to accept any vaccination program upon Us
5. You rescind any current legislation requiring any member of the New Zealander population to be vaccinated in order to receive their entitlements and their unconditional right to receive their entitlements

Despite our objection to accepting any vaccination or any legislation mandating compulsory vaccination, We are prepared to accept both on the basis that you and all parties involved in such a program first individually completes an affidavit that discloses that the party accepts personal liability for ill health, side effects, death and genocide as a result of any vaccination the victim was compelled to take in order to receive their entitlement.

We mandate that you, and all heirs, successors, agents and assigns, rescind all current legislation compelling vaccination of any member of the New Zealander population in order for the same to receive their entitlements as well as prevent any future attempt to legislate for vaccination through the use and threat of restriction of entitlements or any other means.

WE SAY ‘NO’ TO COMPULSORY VACCINATIONS
