

THI (Truth, Honor & Integrity) is a group designed for the sole purpose of improving life and humanity.

We operate under the premise of creating solutions for the benefit of all.

We recognize that our world is a mess and it cannot be fixed by the same methods and mindsets that created the problems in the first place.

We have come together to make a new blueprint for how humanity and the world can operate for the prosperity and wellbeing of all of us.

ARE YOU READY FOR SOLUTIONS?

**A comprehensive overview of the issues
facing countries the world over.**

IT'S TIME FOR
CHANGE
TO BENEFIT US ALL!

HIDDEN HISTORY - DID YOU KNOW:

- The 1931 Statute of Westminster officially ended colonial status of Canada.
- Each Province was directed to establish an independent state.
- These new states were to decide together to create a confederation of equal states.
- Power groups in this country created corporate bodies associated with politically defined regions, giving the appearance of legitimate legislative bodies.
- Ottawa and the Provinces continue to operate as though Canada remained a Dominion - a colony under British rule - while in fact being corporations committing fraud.
- We have no monarch and no valid government, and haven't since 1893.
- Parliament fraudulently called the BNA Act a constitution (it constitutes nothing) and all Provinces except Quebec ratified it.
- The Meech Lake and Charlottetown Accords were intended to amend the Constitution Act and make it valid through acceptance of the public, but both were rejected by the people.

What does all this mean?

CANADIAN OVERHAUL:

- Canada does not have a constitution nor a real government.
- Neither does it have its own valid law, currency, bill of rights, central bank, treasury, tax and revenue division, sovereignty, military, or intelligence agencies
- Canadian "citizens" are employees of CANADA with privileges, having been stripped of natural rights through implied consent.

We need a major overhaul.

The Canadian version of *The New Blueprint For Humanity*, adapted by and for Canadians from the original *Blueprint*, proposes solutions to the particular dilemma that the people of all provinces and territories face.

Knowledge of our true history may be shocking, but it also provides us with an exciting opportunity.

Are you ready to participate in the forging of a whole new country from the ruins of the old system that is broken beyond repair and never truly belonged to us or served us anyway?

It is time to come together to replace the tyrannical old systems that benefit only the few with new ones that work for us all!
