GEP's mission is to uplift, heal, and services and events, and through the creation of the Pyramid Healing Center, which represents the fruition of a divine vision received by Christopher. The vision is a massive healing and teaching center, housed in sacred geometric forms of three clustered working pyramids, set on a specific configuration of planetary ley lines. The sacred geometric pyramid is a scalar-continuum antenna that draws in high vibrational energy which circulates within the pyramid structure and grounds it into the Earth. This energy force has a profound healing effect and will also raise the frequency of the planet. **Visit: www.globalenlightenmentproject.com**
