Ferguson's failures - costing Britain Billions

Ferguson started out modelling for the government with the foot and mouth outbreak of 2001/2. On his advice Defra killed 4 million healthy cattle - cost to Britain about £2 Billion, until the folly was stopped by the then Chief Scientific Adviser, Sir David King.

Ferguson said 200,000 Britons would die of Swine flu (H1N1); he was again disastrously wrong: less than 500 died. But the government paid Glaxo Smith Kline for 90 million doses of unnecessary vaccine. So did Ferguson achieve his aim?

Glaxo Smith Kline killed 83,000 Americans with Avandia; they got a \$3 Billion fine for fraud, because they knew Avandia killed, and concealed it. The MHRA gave them nothing in the UK.

Ferguson said Britain would see 500,000 deaths from covid-19. Deaths peaked at a total of 12,000; they are now going down. Boris Johnson believed this serial failure; Ferguson's wrong again; but he got the lockdown, which is costing the nation around £20 Billion a week.. Ferguson is playing a much bigger game now: To use the lockdown to force mandatory vaccines and mandatory biometric ID onto us.

He has already cost Britain £82 Billion, and 90 million doses of unnecessary vaccine, and should be put on trial for fraud.

Imperial College

Imperial College received an incredible £400 million from Wellcome Trust, £184 million from Bill and Melinda Gates. Boris Johnson is apparently naive enough to think this heavily bribed college is independent.

It's worth pointing out that 600,000 people die every year in Britain, 17,000 from flu. 160,000 die of cancer; 120,000 could be saved by GcMAF, a safe natural human protein which the MHRA has banned..

The government could save 200,000 lives every year by abolishing the Glaxo Smith Kline directed MHRA; 80,000 die from poisonous chemical drugs the MHRA licenses, and 120,000 from safe natural product banned by the MHRA because of their threat to big pharma's profits. Covid-19 is so small its irrelevant.

Ferguson heads up the Vaccine Impact Modelling Consortium funded by GAVI, the Vaccine Alliance,

Bill Gates, GAVI and CEPI

Bill Gates put \$750 million in to start GAVI, The Vaccine Alliance, who claim to have vaccinated half the world's children. The British government is now GAVI's biggest contributor. They partner with the Rockerfellas, Bill and Melinda Gates, Vaccine manufacturers, Unicef and the WHO. They are part of ID2020, aiming

for Mandatory biometric ID. Human Rights are being destroyed under the banner of humanitarianism. They also fund Ferguson.

Bill Gates established, in 2017, CEPI, Coalition for Epidemic Preparedness to accelerated funding for vaccines, with India, Norway and the WEF,

CEPI gave 8.4 million to Imperial College in 2017 to develop "Vaccine X". Cepi and Gavi got the Kingdom of Norway to give 58 million in bonds to CEPI paid by Norway.

Gates gives \$40 million to Chris Witty, the Chief Medical Officer

Professor Chris Witty, Chief Medical Officer was given \$40 million from Bill and Melinda Gates in 2008. He sits on the Sage board.

Secretive Sage, Strategic Advisory Group of Experts to WHO for vaccines and immunization, chaired by Sir Peter Vallance, ex Glaxo Smith Kline, recommends to Ministers keeping the lockdown. They silence or threaten all who question the lockdown, and deny evidence to the contrary.

Bill Gates vaccines kill and maim

Gates vaccines gave 496,000 Indian children polio. The WHO reluctantly confirmed it. Gates is now persona non grata in India; the government have a court case against him. 75% of polio cases worldwide were from Gates Vaccines by 2018. Antony Fauci is Gates Vaccine development man.

In 2014 Gates gave 23,000 Indian girls HPV vaccines - Gardasil and Cervarix from Merck and GSK. 5% had severe side effects, 7 died. They were useless against HPV. Gates staff were prosecuted by the Indian government for forging signatures, coercion, and refusing medical treatment for side effects.

In 2010 Gates gave his anti malaria vaccine to 5,000 African children. 151 died, 1000 had serious side effects including paralysis and seizures.

In 2002 Gates forcibly vaccinated children against meningitis. Some developed paralysis. The South African press called Gates "Ruthless and immoral"

Gates committed \$10 Billion to the WHO campaign to reduce the world's population, in part, through new vaccines.

In 2014 the WHO chemically sterilised millions of Kenyan women with a phoney tetanus vaccine. They admitted it.

Gates is looking to Covid-19 to force his third world vaccination programs on the Western world.

DFID Department of International Development

Covid-19 Vaccines for profit scam is led, for the government, by the Department of International Development (DFID); it pushes Gates vaccines - given publicity by the chief purveyor of fake news, the BBC, who have concealed all this from you.

DFID is hosting an international vaccine summit in June 2020 The Vaccine/biometric ID control group stifles dissent, investigations Anyone questioning the lockdown narrative is being silenced or threatened.

Covid-19 - The science stinks

Covid-19 was downgraded by Public Health England on 19th March from a serious disease to one with low mortality rates. There is no test for Covid-19. The majority of the people who die with it die from an underlying disease. The NHS marks deaths from diseases as disparate as sepsis and cancer as covid-19 deaths. There are much more deadly diseases: cancer, which the MHRA will not allow us to cure; they still have a scientist, the innocent Lynda Thyer, in a French prison after 9 months, and a child dies every 30 seconds from starvation, 3 million a year. By comparison, covid is minor.

Awakening overseas:

Bill Gates' Twitter account is under huge attack from the public, who know his aims are control by compulsory vaccinations and compulsory ID. Christians expect Satan to be visible about now: There is no better candidate.

German lawyer Beate Bahner states we are being tyrannised by evil, evil forces. Her website has been shutdown by the German government. Germany has a high number of medical and legal dissidents against vaccines and ID2020, unlike compliant, misled Britain

Bill Gates has bribed, influenced or controlled:

Professor Neil Ferguson
The Vaccine Impact Modelling Consortium
Glaxo Smith Kline
Imperial College
Wellcome Foundation
The MHRA - Medicines and Healthcare Regulatory Agency, see www.mhracorrupt.st
GAVI The Vaccine Alliance
CEPI Coalition for Epidemic Preparedness, funding for vaccines,
UNICEF
The WHO - World Health Organisation.
Professor Chris Witty, Chief Medical Officer
Sage - the secretive organisation that wants to keep the lockdown.
Sir Peter Vallance, ex Glaxo Smith Kline
DFID Department of International Development

Every source that Boris Johnson gets advice from is Bill Gates controlled. And he's either not done his research, or is complicit. And this must be the case in many other nations, certainly the USA.

It's Bill Gates who has locked down the world. And never has the public been so naive.

Thanks to Her Majesties Official Opposition, the UK column, and Vanessa Beeley, their vaccine researcher.
