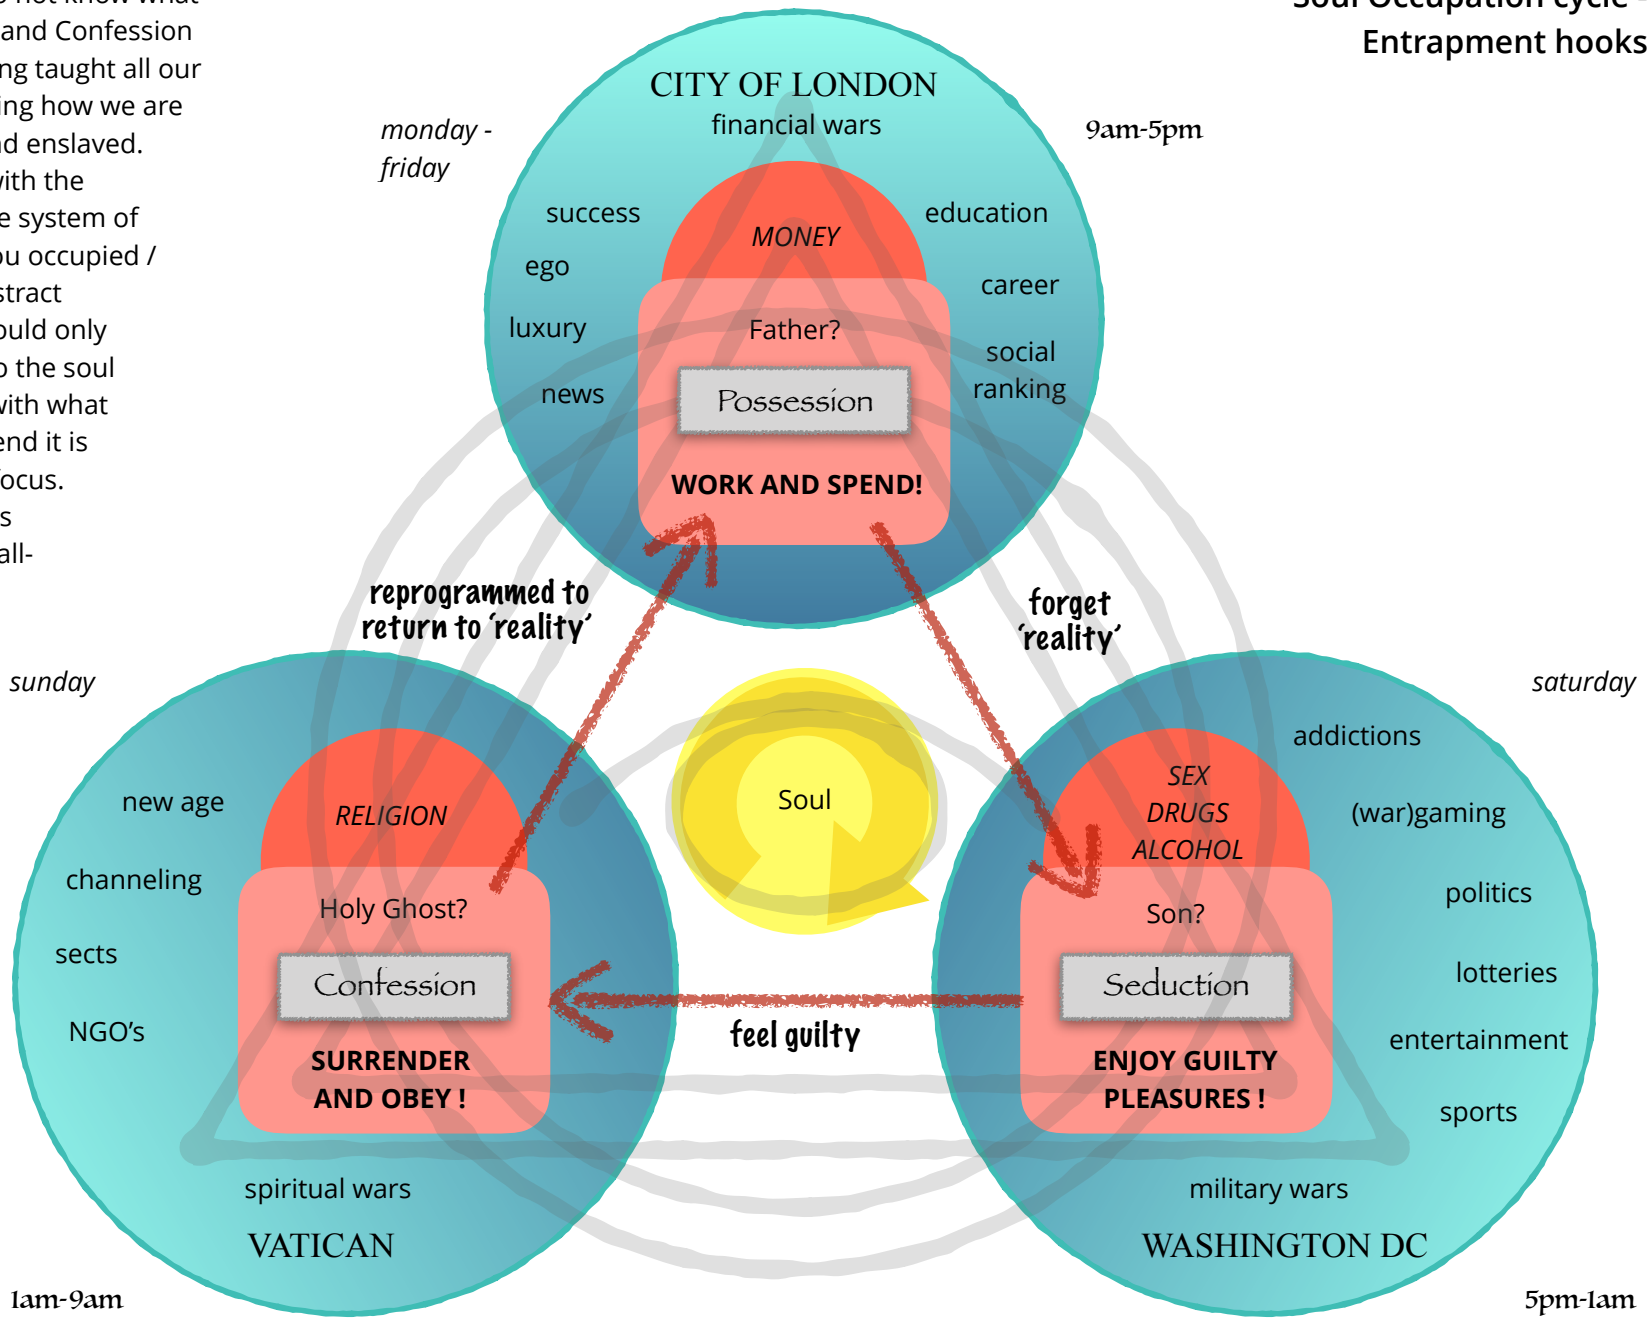
Nature and our soul do not know what Possession, Seduction and Confession are. We do. We are being taught all our lives. Without us realizing how we are being kept unaware and enslaved. True freedom comes with the acknowlegdment of the system of many cycles to keep you occupied / distracted by these abstract concepts while you should only be looking inwards into the soul itself... and nourish it with what it really needs...In the end it is really just a matter of focus. The masters showed us many times with their all-seeing eye....


Soul Occupation cycle - Entrapment hooks
