

HOME-MADE HYDROXYCHLOROQUINE

SHARED! My disclaimer, see a Pharmacists or a Doctor for more information.

Hydroxychloroquine:....The drug that is currently treating this VIRUS.....watch below as I show you the recipe and how to make this solution at home, minus Big Pharmas fillers and preservatives.

Thats right.....this is the REAL reason that the drug companies were furious about this cure. Not only has it proven to eliminate this virus....but others as well. It was supposed to be a BIG kept secret...but TRUMP blew that for them right away.

What is Hydroxychloroquine exactly? It is nothing but Quinine. Something that anyone can make at home....and something that is being manufactured each and every day in the form of something we have all seen at the grocery and liquor stores.....None other than TONIC WATER. Yes....Tonic Water has the exact same Quinine that this drug being used to treat the Covid virus has. This was NEVER supposed to be leaked out...because even a full treatment regime of pills from the Doctor is less than a 100.00 for someone that does NOT have insurance. Something else you may find interesting is that when they created this virus, they also put a STRAIN of HIV in it. This was to make it even more fatal. But.....guess what.....the Quinine Killed that part of the AIDS virus as well. Can you see now why they were screaming that this was a Dangerous Drug and NOT TO DARE USE IT. Behind the scene studies are now coming forth that show it being effective other diseases as well and even on Cancers. I think in the days to come, we are going to find out a whole lot more than we ever thought we knew.

If you listened to our President this week, he said that "in one year, every treatment that we are now using in the hospitals will be obsolete". What does he know? He knows that they have withheld these cures to keep people sick and to make millions off of insurance companies.

Quinine has many uses and applications. It is analgesic, anesthetic, antiarrhythmic, antibacterial, antimalarial, antimicrobial, antiparasitic, antipyretic, antiseptic, antispasmodic, antiviral, astringent, bactericide, cytotoxic, febrifuge, fungicide, insecticide, nervine, stomachic, tonic.....so you can be SURE that BIG PHARMA is scared to death at this point and screaming that this drug DOES NOT WORK...when the entire world sees that it is working.

If you ever feel a chest cold coming on or just feel like crap....make your own Quinine. It is made out of the peelings of Grapefruits and Lemons, ...but especially Grapefruits. I will give you the recipe here and you take this concoction throughout the day...or you can make a TEA out of it and drink it all day. This should take away all your fears about this VIRUS, because you now have the defense against it and many other things. If you take ZINC with this recipe, the zinc propels the Quinine into your cells for a much faster healing.

Here is all you need to do to make your very own Quinine.....Take the rind of 2-3 grapefruits. Take the peel only and cover it with water about 3 inches above the peels. Put a glass lid on your pot if you have one....a metal one is fine if you dont. Let it simmer for about 2 hours. Do not take the lid off of the pot till it cools completely as this will allow the Quinine to escape in the steam. Sweeten the tea with honey or sugar since it will be bitter. Take 1 tablespoon every couple of hours to bring up the phlegm from your lungs. Discontinue as soon as you get better.....

Please Share this with those that need to reduce FEAR and allow them to see that GOD in all of HIS glory, provides us with all that we need !.....Just for truths sake, let it be known that in addition to this, Doctors are also prescribing the antibiotic Azythromicin (zpack).....

.For the record, I am NOT a doctor of any sorts and only offer this from my own data research. I am not prescribing this in any way, and it is up to the individual reading this to do with this information what they want, in accordance with our Freedom from the United States Constitution) Lora Liddle
