

THE TRUE RULE OF LAW & TPC COMMUNITIES

RESTORING THE GOLDEN RULE OF LAW, THE SACRED TRUST
AND VALUE OF EFFORT WITHIN THE LOCAL COMMUNITY

REFERENCE: FRANK O'COLLINS AND THE UCADIA MODEL

WHY WE NEED A NEW MODEL

“One of the biggest obstacles to change is not necessarily the willingness for change, but the absence of a superior model or system capable of delivering the change we need or expect”

Frank O'Collins

HOW CAN WE BENEFIT FROM A TPC MODEL

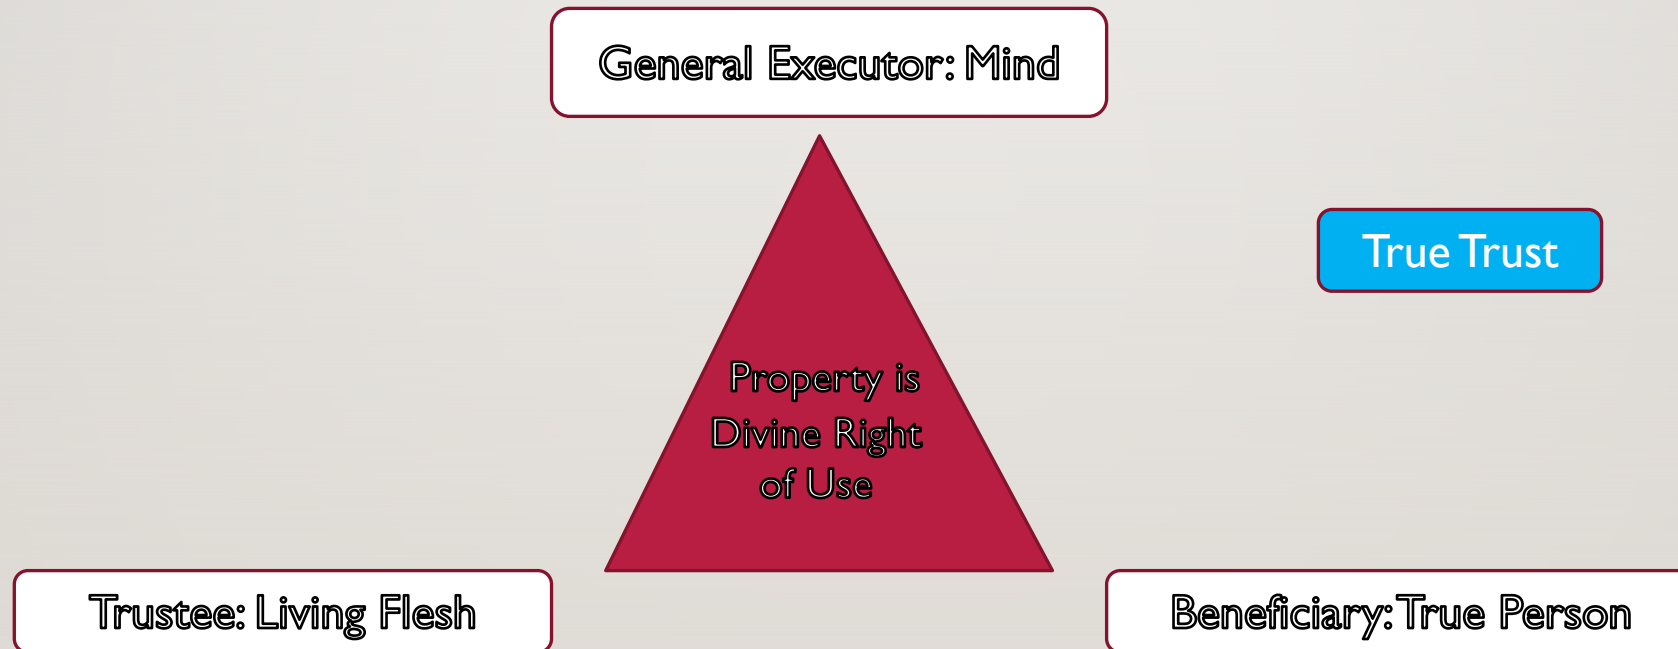

“The first and primary benefit of the TPC Community Model is to help you know who & what you truly are. Precious few offer some tangible knowledge that gives us a better way of perceiving ourselves”

Frank O'Collins – Ucadia model

We are divine immortal spirits that can never die or be sold, or enslaved except with our consent or willful ignorance

YOU ARE SIGNIFICANT. YOU ARE POWERFUL. YOU ARE IMMORTAL.

Divine Creator: Grantor creates the Divine Trust
Conveys full rights of ownership and equity (use) to each individual unit of itself, the Divine Person

FOUNDATION #1 – THE GOLDEN RULE OF LAW

“No one is above the law and all are equal before the law, and no one stands between you and the Divine, and no one may claim your body mind and spirit, nor may they steal your energy”

Frank O'Collins – Ucadia model

Do no wrong, cause no harm, accept no wrongdoing against you

FOUNDATION #1 (CONT.) – RESTORING THE GOLDEN RULE OF LAW

Equality: All law is equal and no one is above the law

Measure: All law is measured so that all may learn and know it

Standard: All law is standard so that it may always be applied the same

Voice: All law be spoken as it is the spirit of the word that carries authority, as all action under law be by word of mouth, and writing be for memory, never law in effect

FOUNDATION # 2 – YOU HAVE ALL THE CREDIT YOU NEED

“We don’t need tokens or some mythical money.
Instead we need a system by which people can come
together in trust and mutual respect under the Golden
Rule of Law to exchange energy and goods and to
work as a community”

Frank O’Collins – Ucadia model

With the Capital of Trust we do not need the Capital of Money

FOUNDATION # 2 (CONT.) – RESTORING SACRED TRUST

“Restoring the idea of true oaths, vows and promises and that, “my word is my bond” and that “what people say is what they mean” and the notion of restoring Sacred Office.

If people have no trust between one another; and if people do not have confidence in one another, then such a community will be in decline and open to control and manipulation by outside forces”

Frank O'Collins – Ucadia model

The strongest possible law, authority and legitimacy is when people recognize their spiritual, intellectual and physical presence and unity in some sacred formation

FOUNDATION # 3 – TPC VILLAGES & COMMUNITIES

“Core groups of people who have formed such close bonds of friendship they are literally family, and who can work together genuinely in close knit communities sharing deep cultural connections”

Frank O'Collins – Ucadia model

It is a matter of growing out from these groups to create a network of communities
