

Vaccine corruption, and the greatest crime this century

by David Noakes, dn@help.vg

Coronavirus Act 19th March 2020: Another illegal act.

It abolishes most of our freedoms, creates Marshal Law, so is illegal under our constitutional laws. No MP's voted on it, and we now have no rights.

It is 330 pages long and was produced overnight. Clearly the government had written it months before, and were just looking for an opportunity to take away our rights. Public Health Control of Disease Act is another example.

Why do politicians always want to illegally take our freedoms these days?

The lockdown is illegal

Under our common law, constitutional law and under 6 articles of the ECHR. The common Law Court has issued a Lawful Notice on the 29th April to Boris Johnson and 130 other world leaders about this.

The Public Health Control of Disease Act 1984 has been updated on the 27th April 2020. We lose the right to informed consent, we lose all human rights, personal and business, they may seize everything, they can imprison you, all without informing anyone. We can be forcibly medicated, This is the Mandatory vaccination law Bill Gates wanted.
<https://www.legislation.gov.uk/ukpga/1984/22/2020-03-25> £5,000 fine.

This is the sign of a corrupt nation; even Parliament wants to seize all our rights.

Lawful notice to Boris Johnson

John Smith put in a lawful notice to Boris Johnson on 6th April. A precis:, "The people are being attacked by the unaccountable state, men and women have been subject to criminal and fraudulent behaviour by the state, who have committed attacks, injustices, killings, robberies, theft, unlawful imprisonment, slaughter and plunder in the name of government, and stripped us of our ancient freedoms. Therefore, we now stand under the jurisdiction of the Common Law Court." He's copied it to 130 other Celtic states prime ministers.

Gemma O Doherty is suing the Irish Government under a Judicial review for their lockdown.

Corona Virus is a minor disease

On the 19th March Public Health England down regulated covid-19 from a serious disease to one with a low mortality rate. www.gov.uk/guidance/high-consequence-infectious-diseases-hcid

600,000 people die every year in England, and we never shut the nation down for them. About 433 per million, or 31,500 have died from covid-19; 28,000 died from flu vaccine in 2016, and we didn't lockdown for them.

The British government has performed the worse out of 180 nations on covid-19; only America has more deaths than the UK. But they have 5 times our population. See www.virusncov.com, who publish all the nations' statistics every day.

The media, led by the BBC, with its lies and fake news, has driven fear into the population, who are scared stiff to go to work or even meet another person.

Deliberately wrong covid-19 advice. Its all lies.

They want you inside where the virus will replicate. The last thing they want is for you to be in the sunshine. When we had common sense we knew fresh air and sunshine killed flu viruses.

Masks spread disease; you breathe your own snot, and almost everyone has one of the 4 corona viruses. Boris Johnson says we need more ventilators; no, they kill people with covid19. You need oxygen, pure and simple. Hyperbaric oxygen chambers are the best; the NHS is not allowed to give it.

All the established common sense flu advice is being deliberately ignored.

The government lies every They say: Stay at home - that's the last thing you should do with a flu virus. You need to be outside.

Protect the NHS - no, that is doublespeak. The NHS is supposed to protect us According to the OECD, published in 2015 in the Independent Newspaper, the NHS is the worst health service in the

western world. That's not the fault of the staff, most of whom are brilliant, its the fault of the MHRA, who won't allow natural cures, which is backed to the hilt by Parliament. The public is so scared the hospitals are empty; as are those massive Nightingale hospitals.

Save Lives - the worst of their three lies. Parliament kills 200,000 a year by backing the MHRA. see www.mhracorrupt.st. The last thing they want is to save lives.

They get us clapping the NHS - we don't have an NHS now, we have a National Covid Service, and its appalling at its job, the worst in the world.

You want Chloroquine, zinc, vitamins A, C, and D. Hospitals can't give you those, because they are not a vaccine approved by the MHRA. Ian R Crane says hospital staff are marvellous, held back by the MHRA who prevent the treatments they want to give..

The advice is designed to infect as many people as possible and grow covid-19 into as big a crisis as possible. Their success is shown by the statistics - Britain has more deaths at 31,000 from covid-19 than almost any other of the 180 nations.

Idiotically and far too late the government is sabotaging the holiday industry by saying everyone landing in England has to quarantine for two weeks. No one will holiday here. All the other nations have got over it;; they need to quarantine from us. By Boris Jonson just destroys, destroys, destroys.

The covid-19 graphs of the whole world started levelling off from April 1 as every nation got the usual herd immunity. Countries that did not lock down have performed far, far better than those that did. That's as you would expect: People closed up aren't getting any sunshine or exercise. Sweden 319,per million, Chile 16, Belarus 13, Mexico 26, Japan 4, Brazil 50 against Britain's 465.

But even lockdown Germany had only 7.500 deaths, 90 per million. China has only 58.

Spain had 179 deaths yesterday, against our 346. Italy 194. Both countries have nice graphs of normal distributions where cases and deaths have been coming down for a month. Our graph is almost level.

In Britain You have a 31,500 deaths divided by 66 million British people

a 0.0000047% chance of dying of covid-19. You have a 99.9999% chance of dying of anything else. It is not the job of government to shut the nation down on a tiny, statistically irrelevant disease.

Boris Johnson and his ministers should resign for causing many more deaths than needed.

The science stinks. Its all lies.

As little of 1% of covid deaths may be from covid-19. They are usually deaths from underlying diseases. The Italian government said 12% of its reported covid-19 deaths are actual covid deaths,

Doctors in the UK and USA mark down deaths as different as cancer and sepsis as covid-19 deaths. When questioned by relatives, doctors say they are told to do it.

If you get it, you have a 97-99.8% chance of recovering. Statistically Its a non event.

There is no test for covid-19. They are using old PCR tests that test for pneumonia.

Professor Neil Ferguson of Imperial College - a serial failure

Professor Neil Ferguson of Imperial College started out modelling for the government with the foot and mouth outbreak in 2001/2. On his advice DEFRA killed 12 million healthy cattle - cost to Britain about £6 Billion, until the folly was stopped by the then Chief Scientific Adviser, Sir David King.

Ferguson said 200,000 Britons would die of Swine flu (H1N1) in 2009; he was again disastrously wrong: less than 500 died. But the government paid Glaxo Smith Kline for 90 million doses of unnecessary vaccine. If its £50 a shot, thats £4.5 billion for GSK. So did Ferguson achieve his aim? Did he get another bribe?

The UK's Glaxo Smith Kline killed 83,000 Americans with their chemical drug Avandia; they got a \$3 Billion USA fine for fraud, because they knew Avandia killed, and concealed it. The MHRA gave them nothing in the UK for about 16,000 deaths. GSK had directors on the MHRA.

Ferguson lied Britain would see 500,000 deaths from covid-19. Deaths peaked at a total of 15,000 before the graph levelled out; they are going down; we have 30,000 deaths now. Boris Johnson believed this serial

failure; Ferguson's wrong again. That's criminal negligence on the part of Boris Johnson to not check out a serial failure; but Ferguson got the lockdown, which is costing the nation around £20 Billion a week.. Ferguson is part of a much bigger game now: To use the lockdown to force mandatory vaccines and mandatory biometric ID onto us.

He has already cost Britain £82 Billion, and 90 million doses of unnecessary vaccine, (4.5 billion) and should be put on trial for fraud. Imperial College has received £184 million from Bill Gates, and Ferguson is funded by Bill Gates's CEPI.

Covid-19 its about money and corruption.

All Boris Johnson's covid-19 advisors are funded by Bill Gates.
On the UK Vaccine council, 34 people received bribes totalling over £200 million from Gates. Only 2 did not. Of the MHRA, Ian Hudson the chairman, Christian Schriber and Dr Julian Bonnerjea Head of Biological Medicines have received bribes by Gates. On the bright side, Ian Hudson's resigned. But not so bright really; - he's joined Bill Gates's Vaccine board. He knows where the money is.

The vaccine council people bribed with £200 million by Gates

- Adrian Hill = £10 million
- Andrew Pollard = £36.9 million
- Bryan Charleston = many grants, the last one £5.5 million
- Ceri Lyn-Adams = £4.4 million
- Charlie Weller = all work funded by Bill and Melinda Gates - BMGF - undisclosed amount
- Charlotte Watts = £59 million
- Chris Whitty = £31 million
- Christian Schneider = regulator of medicine, undisclosed amount
- Eleanor Riley = £50 million
- Fiona Tomley = multiple funding BMGF
- Gary Entrican = multiple funding BMGF
- Ian Hudson = paid as a board member of BMGF
- Jean Lang = co-leader of vaccine discovery team at BMGF
- Jeffrey Almond = senior adviser at WHO and is paid by BMGF
- Joann Prior = is not funded by BMGF, however, her superiors are GSK
- Johan Van Hoof = received funding from BMGF
- John Edmunds = received funding from BMGF
- Jonathan Pearce = multiple funding from BMGF
- Julian Bonnerjea = received funding from BMGF

- Mahesh Kumar = received funding from BMGF
- Massimo Pamlarini = £3 million
- Mike Francis = received funding from BMGF
- Miles Carroll = £1.1 million
- Neil Ferguson = received funding from BMGF
- Nick Adkin = DHSC £80.34 million
- Paul Cosford = £1.1 million
- Peter Openshaw = works in partnership with BMGF
- Simon Foster = \$400,000
- Stephen Inglis = received regular funding from BMGF
- Steve Chatfield = received funding from BMGF
- Sue Middleton = communications director at GSK
- Tarit Mukhopadhyay = £1 million
- Timothy Atkins = is not funded by BMGF but reports through GSK
- Xiao-Ning Xu = received regular funding from BMGF

BMGF have spent over £200 million pounds in funding this “impartial” UK vaccine network panel.

Bill Gates has also bribed, influenced or controlled the 15 agencies that advise Jonson

Professor Neil Ferguson of Imperial College - modelling wrong since 2000. A serial failure. Cost us Billions.

Imperial College - £184 million from Gates, £8.4 million from CEPI

The Vaccine Impact Modelling Consortium, Chair Ferguson, funded by GAVI, controlled by Gates.

Glaxo Smith Kline - killed 83,000 with their chemical drug Avandia and are still killing with Cervarix - their HPV vaccine. 90,000,000 vaccines from Ferguson dishonesty.

The CEO of GSK, Emma Walmsley, sits on Bill Gates Vaccine board.

Sue Middleton Communications Director, GSK has received an unknown amount of money.

Wellcome Foundation - Closely tied to Gates through vaccines.

The MHRA - Medicines and Healthcare Regulatory Agency, see www.mhracorrupt.st; three board members get money from Gates.

GAVI The Vaccine Alliance, started by Gates with \$750 million

CEPI Coalition for Epidemic Preparedness, funding for Vaccines, started by Gates

UNICEF \$26 million from Gates

The WHO - World Health Organisation. \$10 Billion from Gates to reduce the World's population with vaccines.

Professor Chris Witty, England's Chief Medical Officer - £40 million for

Malaria vaccine

SAGE - the secretive Strategic Advisory Group of Expert for Vaccines that wants to keep the lockdown.

Sir Peter Vallance, ex Glaxo Smith Kline, Chairs SAGE. They threaten those against the lockdown.

WEF - the World Economic Forum, founded CEPI with Gates

DFID Department of International Development _the Governments vaccine body.

All these are members of ID2020 - they want us to have compulsory biometric ID: RFID chips.

Bill Gates and GSK are looking to make £31 billion from the UK alone for their vaccine. £477 each. They expect to make a trillion out of vaccines globally, and get us all micro chipped. I wonder how much they'll charge for that..

Every source that Boris Johnson gets advice from is Bill Gates controlled. Johnson is guilty of an illegal lockdown, the biggest economic mistake in history. And he's either not done his research, or is complicit. `Listening to Brian Gerrish, there is no doubt in my mind he's complicit This must be the case in many other nations, certainly the USA.

The British Army 77 Brigade is now to spy on the British people, and proud of it. Even our army is turning against us.

It is Bill Gates who has locked down the world. And never has the public been so naive and obedient..

Vaccine people now want immunity from prosecution. If a dictatorship fails, they're going to need it.

As Dr Judy Mikovitz says, Covid-19 is the biggest crime this century.

There is no one opposing all this. So thanks to Her Majesties Official Opposition, the UK Column, and Vanessa Beeley, their vaccine researcher, who unearthed much of the above data

Vaccines kill

Dr Jonas Salk invented the first polio vaccine. It was then discovered that polio was a result of drinking water contaminated with faeces, and 3rd world nations cleared up their water supplies. The polio vaccine had nothing to do with it. Vaccines gave 112,000 in the Philippines polio.

Before he died Salk declared that all the polio in the world are a result of vaccines.

Usual components of vaccine include mercury (Thiomersol) aluminium, tissue from aborted fetuses,, Hepatitis A and B, formaldehyde, mouse brains, XMRV. CFS, and the disease it is supposed to be inoculating you from, and nagalase, which kills your GcMAF and your immune system., Our Dr Jeffrey Bradstreet knew that and was murdered for it. Diseases given to you by vaccines extend from Sudden Infant death syndrome to autism.

Flu vaccinations have neurological complications. With the swine flu vaccine of 1976 they lied it had been taken by named celebrities. 4,000 people got Guillain-Barré syndrome (GBS,) is a rare neurological disorder in which the body's immune system mistakenly attacks part of its peripheral nervous system—the network of nerves located outside of the brain and spinal cord. GBS can range from a very mild case with brief weakness to nearly devastating paralysis. And death. They sued, never go paid.

They keep trying to make vaccination compulsory. Updating the Public Health Bill 1984 may be the vehicle. If Bill Gates and GSK gets their covid-19 vaccine out, at £477 they will make £31 billion in the UK alone. That is what covid-19 is about - money.

You can decline a vaccine by asking does it have MRC-5 aborted fetal cells. They all do. When the doctor says yes, you escape.

Bill Gates has maimed hundreds of thousands and killed at least 158 children with his vaccines

Gates vaccines gave 496,000 Indian children polio. The WHO reluctantly confirmed it. Gates is now persona non grata in India; the government have two supreme court case against him. 75% of polio cases worldwide were from Gates Vaccines by 2018.

In 2014 Gates gave 23,000 Indian girls HPV vaccines - Gardasil and Cervarix from Merck and GSK. 5% had severe side effects, 7 died. They were useless against HPV and cervical cancer. Gates staff were prosecuted by the Indian government for forging patient signatures, coercion, and refusing medical treatment for side effects.

In 2010 Gates gave his anti malaria vaccine to 5,000 African children. 151 died, 1000 had serious side effects including paralysis and seizures.

In 2002 Gates forcibly vaccinated African children against meningitis. Some developed paralysis. The South African press called Gates "Ruthless and immoral"

Gates committed \$10 Billion to the WHO campaign to reduce the world's population, in part, through new vaccines. Murder through vaccines.

In 2014 the WHO chemically sterilised millions of Kenyan women with a phoney tetanus vaccine. Afterwards, they admitted it.

Gates is looking to Covid-19 to force his third world vaccination programs on the Western world. The vaccine will probably damage many for life.

Dr Anthony Fauci - a liar and a criminal

Fauci is director of the USA's National Institute of Allergy and Infectious Diseases (NIAID) and the face of the White House coronavirus response team. He says life probably will not go back to normal until we have the ability to vaccinate the entire global population against COVID-19. That's what he wants. But their plans to kill millions of us may fail. Covid-19 is a very small disease.

Fauci is guilty of bullying, intimidation, and a reckless disregard for health of Americans. After strongly supporting Chloroquine, Fauci is now against it, after failing to make money out of it, and against vitamins A and D. He said hydroxychloroquine (chloroquine is more powerful) is untested - it has 70 years of data, and the WHO said it's essential and effective at preventing viruses. He will do anything to kill you.

Dr Anthony Fauci is the criminal that imprisoned whistleblower Dr Judy Mikovitz PhD, and Gates Vaccine development man. He's the equivalent of the British failure Prof Antony Ferguson in the USA.

Fauci delayed diagnostic tests and immune therapy, which resulted in millions of deaths from AIDS.

In the 80's Dr Anthony Fauci got funding for his therapies and gave millions AIDS by releasing his own, patented and worthless vaccines. He

blocked Peptide T, Dr Judy Mikovitz's treatment and put her in prison for excellence.

He concealed the fact that 50 million Americans have taken vaccines contaminated with the XMRV virus,

They put human aborted fetal tissue into vaccines, together with mouse or monkey brain tissue. That breeds zoonosis - viruses jumping from animals to humans. Vaccines got the mouse XMRV virus. This contagious autism, CFS, and cancer causing virus was knowingly concealed by Fauci. It was released to the public, 50 million people were affected. That's why cancer, autism and CFS are exploding. The government has a huge vaccine liability from zoonosis. The useless media has no idea - investigative journalism is dead.

Mikovitz published this, so Fauci confiscated her computers and notebooks, removed her grants, finished her career and fraudulently commissioned Dr Ian Lipkin to make XMRV go away. Fauci gave him a \$34 million grant. Judy was not even allowed to overfly NIH airspace. Mikovitz spoke at CFS conference 22nd. September 2011. Fauci rushed out a paper rubbishing what she was to say. Lipkin paper said: Vaccines have No evidence of viral infections.

She was fired on Sept 29th 2011, then followed for 6 weeks; her house raided without a warrant. Fauci put her in jail for 5 days (Just like Immuno Biotech) to sign a "confession;" she refused. Her XMRV papers were retracted while she was in prison.

The blood supply of the USA and UK is heavily contaminated with viruses, particularly XMRV.

Dr Anthony Fauci gave \$3.7 to the level 4 bioweapons laboratory in Wuhan, China, in 2015. That's well known; Trump was discussing it on the 30th April.

Fauci was developing coronavirus cell lines in the Army's USAMRICD lab in Fort Detrick, Maryland; then the US government declared it illegal because it's too dangerous to enhance viruses. So he transferred the cell lines to the Wuhan lab when it was illegal to do so, and the covid-19 outbreak was the result.

Fauci boasted on TV there's a surprise pandemic coming. He knew - he was releasing it.

See John F Kennedy: <https://childrenshealthdefense.org/news/u-s-governments-3-7-million-grant-to-wuhan-lab-at-center-of-coronavirus-outbreak/>

Fauci's behind Bill Gates to spread Covid-19 as far as possible, then force a mandatory vaccine on the world, and get us controlled by ID2020 RFID chips. They will make a trillion dollars out of us.

Dr Judy Mikovitz - A hero

Dr Judy Mikovitz BA PhD has worked in laboratories with viruses for 40 years, published 51 peer reviewed scientific research papers, worked at the National Cancer Institute on leukemia, and AIDS, research director of a CFS research organization [Whittemore Peterson Institute](#) (WPI) from 2006-2011 BA in Chemistry, PhD Molecular Biology. She won the Jeff Bradstreet award for Bravery and Courage.

In her book A Plague of Corruption, Mikovits states we see propaganda masquerading as science

One of her papers was that Type 1 interferon prevents the spread of viruses.

Mikovitz says Covid-19's been with us longer than we think; Herd immunity has been established.

People need to go back to work now, and forget about a second wave. The lockdown was a mistake. There will be no re-emergence of covid-19.

Immune compromised people cannot wear masks; they need oxygen. Ventilators are a disaster.

No vaccines prevent diseases. They are to develop an immune system so you get a lesser disease.

You are 36% more likely to get covid-19 if you've had the flu shot.

Masks you breathe your own snot and infections. Worst thing you can do.

Our common sense is right - you need to be outside in the fresh air. Shutting yourself up with a lockdown will spread it and is absolutely the wrong thing to do. That's why we have the 4th worst covid-19 deaths.

Many people have immunity antibodies from previous coronaviruses.

Viruses don't float through the air. They only live for an hour on surfaces.

We don't need a vaccine. Healthy people don't make people ill.

There are 4 common cold coronavirus viruses. We all have some immunity to covid-19.

Ebola was created in Maryland.

Italy got a new flu vaccine including H1N1 grown in dog cell lines; dogs have coronavirus. That's why Italy had the highest numbers of deaths; no sorry, I'm wrong. That's the UK.

There is no vaccine for any RNA virus that works. covid is an RNA virus.

Satanists in government

Satanists are much more than paedophiles. After gang rape, they may force their victims to eat faces and drink urine; they then often kill them with a dagger, and eat their flesh and drink their blood. The best known satanists are Edward Heath, Jimmy Saville, (a minor one) and Adolph Hitler. The police document it as SRA - Satanic Ritual Abuse. AV8 Field McConnell: 1.2 million sex slaves globally.

There have only been 10 court cases in England on satanism; all were found guilty with long sentences; but there are hundreds of un-prosecuted cases. The elites get away with it.

Family Courts

Family courts have no jury, and secrecy. They steal 4,500 children a year from good parents, who get 6 months for contempt if they object. How many of them end up in SRA?

Today there are satanists in the police, parliament, the courts, health and pharmaceutical corporations.

There will be a good number in the 15 agencies advising Boris Johnson

about viruses and vaccines.

Christians who believe in prophecy have long known Satan wants a one world government. It will be based on lies, contain the "mark of the beast," without which you cannot buy or sell. That's a mandatory RFID chip, There will be enslavement, control and death.

Bill Gates wants to reduce the world's population; the Georgia Guidestones tell us by how much: 7 billion. That a lot of murder. Christians expect Satan to be visible now: There is no better candidate than Bill Gates. Christians ask: Is this Lucifer's government? But Bill Gates is boasting about Pandemic II - this is perhaps a trial run. Not surprisingly, the vaccine makers and Lucifer's goals are the same. If government doesn't arrest Bill Gates, Fauci, Professor Neil Ferguson, they will kill millions of us with their next virus.

Jesus will return "Less no flesh be spared" but there is a lot prophecy to fulfil: He can't return before the year 2030. See celts.org.uk

To sum up

Boris Johnson is guilty of criminal negligence - by not checking out his advisors.

He has carried out the sabotage of this nation. £120 billion lost in 6 weeks.

Led by the BBC, he has covered the nation in fear - of the normal, We may never recover.

The entire cabinet has no common sense, and believed its bribed, lying advisors. Should all resign.

The lockdown is illegal under Britain's constitutional laws, and the ECHR. I can't believe the whole nation believed the fake news of the BBC and self isolated.

You defend your freedom, or lose it.

Covid-19 proved that the British, and most of the rest of the world are naive and obedient cannon fodder ready for a dictatorship. Bill Gates will take advantage of that in his already advertised Pandemic II. He wants to murder 7 billion of us.

But people are waking up - his twitter account is solid protest to everything he does. John F Kennedy wrote the forward to Mikovitz book A Plague of Corruption. He knows all of the above. Trump needs to arrest Fauci - then we'll see progress.

2,000 doctors have signed a petition to arrest Fauci

Bill Gates and all the vaccinators want to forcibly vaccinate us, give us

ID chips, and reduce the population to 500,000,000. That's murder. The British government say they want to save lives. They lie - they could save 200,000 lives every year by closing down the MHRA. But Parliament wholly supports them and won't read GcMAF papers, because the MHRA says they don't exist. They are judge and jury in their own case.

Covid-19 scam is the greatest crime of this century. To scare the world, take away all our freedoms, even the right to work, and to create marshall law costing us £20 billion a week, is such a huge crime all government ministers need to go on trial for fraud and treason.

Bill Gates has managed to shut the world down, scare it stiff, and get it to throw away a trillion pounds a week. No one in 6,000 years of history, has managed to do that. As Robert F Kennedy says, Bill Gates is satan's spawn. Just put Bill Gates Satan into the web.

Remember, we honest people are the 99% majority. The satanists and elites, are one percent, the psychopaths who have no empathy or humanity or the fairly stupid.

Covid may be a great step forward in the public's re-awakening.

Don't comply. Get out your house and meet people. Have parties, barbecues, get your office and pubs open.

Please, go and see your MP about the innocent scientist Lynda Thyer in Fleury Merogis, a French prison, and ask them to raise her name in the House of Commons. Warn them about believing the MHRA.
