

TO FEMALES :

there is no hard-on ,that is actually opening up (think flower opening).

there is no foreskin ,its called virginity and its all dick

what you call circumcision is trying to hide the evidence

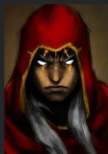

knots don`t exist ,its damage control cause they found curves on my dick (Wings)

(was betrayed thrice so fuck the thousand year bro code)

My Generation`s Password is BEER PONG
no, not submarines ,BEER PONG,
think tennis ball machines spewing balls,
now add basketball cups and vjjays
now you can see all their porn
in truth i am the one who was betrayed ,
if they still call your generation names
maybe you should convert their porn
and chatporn into a DiVaDi or something
and show it to me

FUCK THE 1000Y BRO CODE
AND
FUCK MY GENERATION

thus: notbeerPong

and that is how you really connect generations Elon
